No. 6636-7—J. 669, DATED, BANGALORE, 2ND OCTOBER 1893.

In March 1891, Mr. Ricketts proposed the entertainment of 3 additional hands to assist the Accountant, Record keeper and Crime Clerk, but the Government were not then prepared to sanction the increase. Mr. Madhava Rao in the letter read above states that the work has since considerably increased and proposes an addition of five hands besides increase to the pay of the Manager and other officials. The cost of the present and proposed establishments is as shown below:—

(1) The pay of the Manager to be fixed at Rs. 100 rising by annual increments of Rs. 10 to Rs. 150, the present incumbent if he has been in receipt of Rs. 120 for 3 years being given the next increment of Rs. 10 from the 15th October 1893.

(2) The number of Clerks will be increased from 7 to 10, the pay of the 1st Clerk being fixed at Rs. 60 rising to Rs. 80 by annual increments of Rs. 5, and of the other Clerks ranging from Rs. 15 to 55 according to the following scale:—

(2). Letter, dated 19th January 1893, from Mr. F. Rowlandson, President, Eurasian and Anglo-Indian Association of Southern India, Limited, Madras.

(3). Letter No. 176, dated 27th January 1893, from Mr. J. Sausman, President, Eurasian and Anglo-Indian Association, Mysore Branch, Bangalore.

(4). Printed report of the Eurasian and Anglo-Indian Association, Bangalore, for 1891-92 received on 17th May 1893.

(5). Letter No. 78, dated 18th July 1893, from the Deputy Commissioner, Bangalore District, stating what lands are held by the Eurasian and Anglo-Indian Association, Bangalore, and in whose name the Patta stands.

No. 6934-7—J. 690, DATED, BANGALORE, 5TH OCTOBER 1893.

ORDER THEREON.—The Association called the "Eurasian and Anglo-Indian Association, Mysore Branch," is not incorporated and the Chief Court has held in the case referred to above, that its Secretary, Mr. Pedroza had no legal power to represent the members of the Association in his official capacity. In the printed report of the Association, it is stated that the Association is in union with the Society of Arts, London, but it is not clear how the union was effected and what the rights and liabilities attaching thereto are.

2. Mr. Rowlandson, President of the Eurasian and Anglo-Indian Association of Southern India, Limited, of which body the Mysore Association was originally intended to be a Branch, states that the Branch has been declared to have ceased to exist as a Branch and that Whitefield and Sausmond have been constituted circles of his Association in direct communication with the Council of the Association. He requests that all communications from this Government

with reference to these villages may, in future, be addressed to the General Secretary of the Eurasian and Anglo-Indian Association of Southern India, Limited.

3. On the other hand, Mr. Sausman, President of the Mysore Association, asserts that the Mysore Branch *is not* and *never was* recognized as a branch of the Madras Association and that the Madras Association has no authority whatever to interfere with the working of this branch Association. "He adds that the constitution of circles in Whitefield and Sausmond does not give the Madras Association the power it claims, that the lands were given by the Mysore Government to the Association which he represents and not to the Madras Association, that assessment due for the lands has always been paid from the funds of the Mysore Association and that the latter is held responsible for the due fulfilment of the conditions laid down by the Government. He asks that all communications regarding the settlements may continue to be addressed, as heretofore, to the Association which he represents.

4. It is stated in the printed report that some of the settlers have joined the Madras Association and withheld payment of kandayam and value of cottages to the Mysore Association.

5. The statement submitted by the Deputy Commissioner shows that lands in 10 villages (Gunjur, Mullur, Dodkannelli, Chikkannelli, Kodathi, Halinaikanahalli, Kachamarnahalli, Chikbellandur, Nallurhalli and Hagadur) measuring 1,057 acres, 25 guntas, and assessed at Rs. 1,393—4—0 are registered in the name of the Secretary of the Anglo-Indian Association and that Pattas have been granted to the individuals named in the margin in respect of 313 acres, 29 guntas, assessed at Rs. 515—12—0, situated at Nallurhalli and Hagadur.

6. The Government note that the above state of things is far from being satisfactory and hope that the question at issue between the two Associations will be soon decided by mutual agreement or otherwise. Pending the settlement of the dispute as aforesaid, there will be no change in the Revenue Register and the Kandayam will be collected, as heretofore, from the registered Pattadars. Should default be made in the payment of the Government dues for lands registered in the name of the Secretary of the Association, notices of demand, &c., will be issued to Secretaries of both the Associations.

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 3rd October 1893.

READ THE FOLLOWING PAPERS —

(1) Inam Superintendent's letter No. 53, dated 14th December 1892

I have the honor to reply as follows to the enquiries made in your letter No. 4358—30 of the 7th June 1892, regarding the revision of the Final Quit-Rent Registers pronounced in their present form and scope to be defective

2 The first question which arises is whether it is contemplated to revise and re-print these Final Quit-Rent Registers, or whether it is intended that the present printed copies should be amplified in manuscript. The latter course, I presume, is intended, as reprinting entirely a fresh would require much time, labor and expense

3. The Inam Office, as you are aware, is on a very small scale, there being only 7 Officials, all told and it is of course obvious that any Official, to be of any use for the purpose now in view, must possess some fair knowledge of both English and Kanarese. I do not see any way, therefore, to employing more than two pairs of workers, for of course the men will have to work in couples.

4 Each pair of workers will, I think, be able to complete 1,000 cases per mensem, thus with the present strength only 24,000 cases could be got through in twelve months There are roughly 60 000 cases in the Province, and therefore to complete the whole in one year just five pairs, or 10 men, would be necessary, that is, if only one copy be required.

5 It would be necessary, however, I fear, to prepare at least two copies of each Final Quit-Rent Register, one copy to be sent to the Dewan's Office and the other kept in the Inam Office, but to be sent to the District or other authorities to take copies as convenient.

6. The tenor of the present letter brings me to the Proceedings of the Government of Mysore Order No. 3007—20, dated 20th May 1892, in which it was ruled that the Inam Department should be allowed to continue under present arrangements until the close of 1892-93. No detailed orders were passed on my letter No. 32 of the 16th September 1891, which elicited the above mentioned Proceedings. In that letter at para 6, I pointed out that whether the Inam Department were merged in the Survey Department or continued on its present footing, the difference in expenditure would not be very great. The work which at Para 2 I stated I was sanguine might be completed by the end of 1892-93 I now find is not likely to be finished, although the year is now one of 15 months. The cause of interruption to regular work has been the preparation of a statement of Ready Money Grants resumed during the Inam Settlement for the whole Province (Muzrai Secretary's No. 642—66, dated 14th October 1892) and also one of whole villages in which the Mohtarfa revenue has been reserved to Government (Government Proceedings No. 13357—L. 1351, dated 22nd February 1892).

7. Looking to the above facts and to the probability of the Inam Office hands being utilized as now suggested for the revision of Quit-Rent Registers also to the existence of the large amount of work [heads (*a*) and (*b*) para 2 of my letter No 32 of the 10th September 1892] which has to be carried out by the combined action of the two Departments, I have come to the conclusion that the plan of absorbing the Inam into the Survey Department cannot be carried out until the close of 1893-94. I shall therefore, unless otherwise directed, submit the Inam Budget estimate to the Comptroller as usual

(2) Government Proceedings No 13457 8—R. F. 235-92, dated 31st January 1893.

letter No 53, dated 14th December 1892 from the Inam Superintendent, reporting, with reference to Government Order No. 4358—30, dated 7th June last, that owing to the extra work imposed on him by the Muzrai and Local Boards Departments, the services of the Officials belonging to the Inam Office could not be conveniently utilized for the work of compiling and revising the Final Quit-Rent Registers and adding that the plan of absorbing the Inam into the Survey Department also cannot be carried out until the close of the year 1893-94, and that he would submit, unless otherwise directed, the Budget estimates to the Comptroller as usual.

No. 13457-8—R. F. 235-92 DATED, BANGALORE, 31ST JANUARY 1893.

ORDER THEREON.—Pending the final orders of Government on the subject, the Inam Superintendent will be authorized to submit the Budget estimates as usual to the Comptroller.

(3) Government Proceedings No 14562-3—R. F. 235-92, dated 25th February 1893.

READ —

Correspondence with the letter from Government to the Superintendent of Inam Settlement, dated January 1893, No. 13457-8—R. F. 235-92.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 3rd October 1893.

No. 14562-3—R. F. 235-92, DATED, BANGALORE, 25TH FEBRUARY 1893.

ORDER THEREON.—The Government are of opinion that the Inam Department should continue to be a separate Department till further orders.

2. Under the circumstances stated by the Superintendent of Inam Settlements, the Government direct that original Registers of the Inam Settlement be kept in the Office of the Superintendent of Inam Settlements till the abolition of his Office when they may be transferred to the Dewan's Office.

3. It is not necessary to print the revised Quit-Rent Registers. Two copies of the same should be prepared and sent to each District—one to be kept in the Deputy Commissioner's Office and the other in the Taluk—the office copy being retained in the Inam Superintendent's Office. The necessary establishment for completing this work within the end of 1894 should be at once organised and the work put on hand, the details of the establishment required being submitted to Government for its formal sanction.

4. A form of the revised Quit-Rent Register should be submitted for approval of Government.

5. The only other question which requires consideration is whether the original Inam Registers should not be copied fairly and a copy of the same forwarded to each Deputy Commissioner for reference. The necessity for this is not urgent, and the matter may be left to lie over for the present.

---

(4). Inam Superintendent's letter No. 68, dated 16th March 1893.

I have the honor to acknowledge the receipt of Government Proceedings Order No. 14562-3—R. F. 235-92, dated 25th February 1893, directing the continuance of the Inam Department until further orders, and laying down certain directions on the subject of preparing revised Quit-Rent Registers.

2. The orders of Government, as above, are very definite, but I hope, nevertheless, that I may be excused, if I offer a few remarks for the further consideration of Government, believing, as I do, that these Quit-Rent Registers are not an absolute necessity while their compilation will require an establishment of from Rs. 250 to Rs. 300 per mensem whilst the work lasts. Moreover, in my letter No. 53 of the 14th December last, I did not contemplate the preparation of these Registers "*de novo*" but merely that the existing Registers would be corrected and amplified.

3. I do not think that Government is fully aware of the extent to which the Revenue authorities are already being supplied with information by the Survey and Inam Departments respectively. This I will briefly explain.

4. I appended two specimens, marked A of the "Tarâv Patrak" furnished by the Survey showing the settlement made of Minor Inams by the Inam Department and the allocation of the same by the Survey Department. Both specimens are identical but one is intended to illustrate this letter, the other being simply a blank form of the "Tarâv Patrak" as sent to the District. I think it will be admitted that this statement is very comprehensive, containing indeed the very information Government declares to be so necessary. The information it contains if of course brought on to the village accounts; if it is not, the fault lies with the Revenue authorities.

5. By the Inam Department a statement (marked B and attached) of the settlement of whole Inam villages is sent to the Revenue authorities. The statement is wanting only as regards the dates on which Title-Deeds were issued.

6. What constitutes the real difficulty is the unfortunately frequent territorial changes which have occurred, but this should scarcely necessitate the preparation of revised Quit-Rent Registers. Copies for transferred villages can be furnished by one Taluk to another.

7. No doubt references have to be made now and again to the Inam Department, but they cannot be said to be very numerous and are quickly and easily disposed of.

8. I may mention that in the Bombay Presidency no such Quit-Rent Registers, as those now contemplated, are prepared, the main object sought to be attained being the incorporation of the Inam and Survey Settlement in the Revenue accounts and of course the issue of Title-Deeds to the Inamdars themselves. These points, I submit, are very fairly met by the present system in Mysore. There are probably some points admitting of improvement in the forms in which the statements prepared by the Survey and Inam Departments are sent to each District. I shall endeavour to carry out in this respect whatever Government may direct but as regards the main subject of this letter, *viz.*, the preparation of revised Quit-Rent Registers, I feel it my duty to point out to Government that in my opinion it is not necessary to undertake such expensive work.

No. 6774-82—R. F. 235-92, DATED, BANGALORE, 3RD OCTOBER 1893.

ORDER THEREON.—Under the circumstances represented, Government are of opinion that the **Inam Registers** need not be revised. Territorial changes are not a sufficient reason for such revision and the statements A and B annexed to the Inam Superintendent's letter contain all the information needed.

2. It will be the duty of Deputy Commissioners and Jamabandi Officers to see that the information is carefully and accurately brought on to the village accounts. **Government desire that this point should be scrutinized at the ensuing Jamabandi and made the subject of a special statement in the Revenue Administration Reports of the several Districts for 1893-94.**

(1). Letter No. 3154, dated 15th December 1892, from the Comptroller in Mysore, suggesting the advisability of placing a limit to the value of Jewels which may, under the authority of the Proceedings above quoted, be kept in Taluk Treasuries.

(2). Letter No. 58—Muz. F. 174-93, dated 14th July 1893, from the Muzarayi Superintendent, stating that in large temples where provision has been made for guarding, the Jewels are lodged in a room in the temples, under lock and key in charge of the responsible servants of the temples, that in the case of other temples such of the Jewels as are in daily use are left in the possession of the Archik and the rest deposited in Taluk Treasuries and taken out when required, that any change in this system would cause much inconvenience owing to the difficulty and risk incurred in the transit of Jewels to and from a distant place, that should Government however deem it necessary to deposit a portion of the temple Jewellery in the District Treasuries, the Jewels may be divided into two classes, *viz.*, those used frequently and those required only once a year, the former being kept in the Taluk Treasuries irrespective of their value and the latter in District Treasuries when the value exceeds Rs. 5,000 and that Jewels which have gone out of use may also be kept in District Treasuries till disposed of by sale or otherwise.

No. 6764-73—R. F. 185-92, DATED, BANGALORE, 2ND OCTOBER 1893.

ORDER THEREON.—The division of Jewellery into two classes as proposed by the Muzarayi Superintendent need not be made in the case of temples situated at or near the Head-quarters of a District, as in the case of such temples, the Jewels except those which are required for daily use, may without inconvenience be secured in the District Treasury as directed in para 2 of Proceedings No. 6193-202—R. F. 185-92, dated 31st October 1892. In other cases where the temples are at a great distance from the Head-quarters of a District or Taluk, and also in regard to temples in which watchmen are employed, the present practice may be continued as recommended. The Jewels which are not at all required for use may be permanently deposited in the District Treasury till they are disposed of by sale under the orders of Government.

Letter No. 295, dated the 30th July 1892, from the Deputy Commissioner of the Hassan District, submitting for orders a Memo with Vernacular papers connected with the complaint of Ramabhatta and others of Arkalkud Taluk with regard to the levy of irrigation cess on the wet lands of their Jodi Village of Mattagôdé under the Krishnarajkatte channel in the Arkalgud Taluk.

Abstract of the case.

Mattagôdé was granted as a Jodi Village to Narsimbhatta and another before 1811, in which year the Krishnarajkatte channel was constructed. In June 1813 His Highness the late Maharaja issued a Sanad directing that in addition to the Jodi of 29½ Pagodas, 15½ Pagodas be levied from the Jodidars on account of the additional benefit derived from the channel. On a further complaint from the Jodidars, it was ordered in November 1823 that only a Jodi of 45 Pagodas should be collected and that no *nirsardi* need be levied. In 1865 Irrigation Cess at 0—8—0 per Khandi was imposed on the wet lands below the channel, the amount of the cess being Rs. 23—15—4. The Jodidars objected to pay the Irrigation Cess on the ground that over and above 45 Pagodas, they were not liable, under the Sanad referred to above, to pay anything. In 1890 they again represented that after the Survey Settlement, the Cess on Government lands was written off while that on Inam lands was being retained. The Survey Settlement of the Taluk took place in 1884-85. The Survey Valuation of the village was fixed in 1889-90 at Rs. 756—6—0.

No. 6783—R. F. 133-92, DATED, BANGALORE, 5TH OCTOBER 1893.

ORDER THEREON.—Government observe that Irrigation Cess charged on Sirkar lands being merged in the wet assessment, a separate levy thereof is not called for. The case of the Inamdars is quite different and they must pay the Irrigation cess under the Rules now in force. The enhanced Jodi referred to by the Jodidars was on account of the *value* of water, while the Irrigation Cess is for the *maintenance* of the work—two different things altogether.

2. It is not known whether *all* the lands in the village are irrigated under Government works, or only some of them. The Cess can be collected only on the value of the lands irrigated under Government works. The Deputy Commissioner will regulate the demand accordingly with reference to the orders contained in Government Proceedings No. 3786—95, dated 1st September 1887, and submit a further report.

READ :—

Letter No. 3363—323, dated 29th September 1893, from the 1st Assistant Resident in Mysore.

In continuation of my letter No. 3098—323-93, dated the 11th September 1893, I am directed to communicate for the information of the Darbar the conclusions at which the Indian Hemp Drugs Commission arrived during the recent stay of some of their members in Bangaloire.

2. The Commission have received the Memorandum described in para 3 of the letter cited above, and understand that arrangements have been made by the Darbar for the destribution to selected persons of the series of questions mentioned in para 5 of that letter. It was represented, however, that some of these questions were not suitable for general distribution, and that the series was too long and complicated for distribution to some official and non-official persons in Mysore, from whom nevertheless valuable information of a more limited description might, with advantage, be obtained. With this object, the Commission have prepared an abbreviated series of questions of which 45 copies are herewith sent for distribution to such persons. While the Commission hope that some replies may be furnished to the complete series of questions, they will be greatly obliged, if the shorter series could now, under such arrangements as may be considered most suitable, be distributed to those persons who will be able to deal with the subject in a less complete form, or whom it may not be considered desirable to burden with the longer series.

3. The Commission further understand that arrangements have been made through the Administrative Medical Officer of the State to obtain answers to a series of questions framed for distribution to Medical experts in Mysore, and I am accordingly to forward seven copies of such a series. Answers to these questions can be obtained by the principal Medical Officer from selected subordinate Medical Officers and from a few Native practitioners whose opportunities for ascertaining the facts in direct communication with the people may make their evidence of value. The answers may be sent either in the form in which they are recorded or in that of a compilation by the Principal Medical Officer, as may be most convenient.

4 Should it be necessary to have either of the shorter series of questions translated into the vernacular, the Commission, I am to state, will be prepared to defray the cost of such translation, if required.

5. In conclusion, I am to convey the thanks of the Commission for the willingness shown by the Darbar in obtaining information in regard to hemp drugs in Mysore, and to ask that the information now being compiled together with the replies to all the series of questions may, if possible, be forwarded to this Office by the 1st November 1893.

No. 6911-21—R. F. 100-93, DATED, BANGALORE, 9TH OCTOBER 1893.

ORDER THEREON.—Communicated in continuation of Government Proceedings No. 5712-4—R. 615, dated 23rd September 1893, to the Officers named below and the Deputy Commissioners of Districts, with a request that they will be good enough to furnish the information to Government at an early date.

(1) Letter No. 329—19, dated 26th July 1893, from the Registrar of the Chief Court of Mysore, recommending the appointment of a Travelling auditor to audit the accounts of the Courts, Civil and Criminal, and of Jails and Lock-ups.

(2) Memorandum of the Comptroller, dated 5th September 1893, submitting proposals for the appointment of an Inspecting auditor and a 2nd grade accountant to carry out outside auditing.

No. 7205-13—R. F. 87-92, DATED, 16TH OCTOBER 1893.

ORDER THEREON.—The Comptroller suggests that the accounts of the Departments and offices noted below be regularly audited by an Inspecting auditor and an accountant to be employed in his office :—

1. Judicial.
2. Jails.
3. Medical.
4. Forest.
5. Book Depôt.
6. Stationery.
7. Government Press.
8. Government Gardens.
9. Government House.
10. The Palace.
11. Insurance.
12. Municipal Funds.
13. District Funds.
14. The Chanda Stable and other Funds of the Military Department.

2. The Judges of the Chief Court are of opinion that the official deputed to audit the accounts of Courts and Jails should be under the orders of the Chief Court and the Inspector General of Prisons, and that the pay of the auditor may be met out of the savings from the Process Fees and from profits from Jail manufactures. The Government concur in this view. A competent auditor will, on the application of the Chief Judge and *Ex-officio* Inspector General of Prisons, be deputed from the office of the Comptroller to audit the Judicial and Jail accounts and to submit his report through the Registrar for the orders of the Chief Court and the Inspector General of Prisons. The Comptroller may make temporary arrangements for the transaction of the duties of the auditor in his office and submit a bill for any extra cost that may thereby be incurred to the Registrar for adjustment.

3. The accounts relating to the Municipal, District and Local Funds are now regularly audited in the Comptroller's office every month, by a special Establishment consisting of 7 hands sanctioned for the purpose. There is thus no necessity for any further audit of those accounts.

4. The Insurance Fund accounts may, for the present, be audited by the ordinary Establishment of the Comptroller's Office.

5. The Heads of the other Departments referred to above will be requested to state what arrangements are now made for auditing the accounts relating to their Departments and what modifications of the existing system they would recommend.

No. 7254-62—R. 748, DATED, BANGALORE, 21ST OCTOBER 1893.

ORDER.—In a case submitted with a Refund Bill for orders, certain village officers were fined by the Amildar for negligence in collecting Land Revenue, and the amount was deducted from their Potgi. On the subsequent recommendation of the Amildar, the Deputy Commissioner ordered the refund of the fine and submitted a Refund Bill which has been duly sanctioned.

2. Government consider that every Officer authorized to entertain an appeal against the orders of the subordinate officers imposing fines, has a right to order the refund of the fine collected. Deputy Commissioners are therefore hereby authorized to sanction refunds of fines imposed by their subordinate officers, provided the refund is made within 2 years from the date of the imposition of the fine. The order of the Deputy Commissioner will be a sufficient authority for the Comptroller to admit the refund. If the refund is to be made after two years, or if the fine was originally imposed by the Deputy Commissioner himself, the sanction of Government must be obtained.

3. No refund should be made without the express order of the Deputy Commissioner or of Government.

REVENUE-FOREST.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue-Forest),—dated 17th October 1893.

READ :—

Letter No. 4595—328. dated 14th June 1893, from the Inspector General of Forests and Plantations in Mysore, submitting for approval draft rules regulating the uniforms to be worn by the Officers and servants of the Mysore Forest Department.

No. 7233-4—R. F. 348-92, DATED, BANGALORE, 17TH OCTOBER 1893.

ORDER THEREON.—The Inspector General's proposal to provide uniforms to Watchers, Kolkars and Peons of Rangers and Surveyors at the cost of Government and to supply uniforms to Foresters drawing a monthly pay of Rs. 20 and under for half the cost price is sanctioned. If Kolkars and Peons are also to wear badges bearing the letters "F. W.," it is a matter for consideration whether their present designations may not be done away with and whether they may not all be called Watchers.

2. The cost of the uniforms and accoutrements will be met from the provision under the head "Contingencies" of the Inspector General's Office and "A. Conservancy and Works."

3. The Draft rules submitted are sanctioned with the modifications noted below :—

Rule V.—Omit the last sentence.

Rule X.—For the words "will be deposited in the District Treasury to the credit of the Forest Department and remitted to the Inspector General of Forests' Office once in six months" insert the words "will be credited in the Treasury under head III. Forests, V. Miscellaneous (*c*) other sources."

4. Thus modified, the rules sanctioned will read as follows :—

III. All accoutrements including waist belt, chopper, numbers, letters, buttons and badges supplied to Forest Watchers, &c., are the property of Government and may on no account be made away with by the wearers. Any person not on duty in the Forest Department found wearing any of the articles of accoutrements of the description given below will be liable to Criminal prosecution under Sections 170 and 171 of the Indian Penal Code.

IV. The uniform clothing and *Kamblis* supplied to Forest Watchers, &c., are also the property of Government; but in the second year of wear, the clothing, and in the third year of wear, the *Kamblis* will become the property of the men, who may dispose of them, as they please. The uniform and *Kambli* of any Watcher, &c., who dies, resigns, retires, or is sespended, dismissed or transferred to another Department within the above periods must be returned into store (*i. e.* to the Range Office) along with the accoutrements. Any arrears of pay due to such Watcher, &c., will be withheld pending the return and inspection of such clothing.

V. Forest Watchers, &c., will be required to be cleanly and properly dressed at all times when on duty, and if they allow their annual suit to become unserviceable, another will be issued at their own expense, the cost being deducted from their pay in six monthly instalments.

VI. If the clothing, &c., of the Watchers resigning or quitting on transfer to another Department be found unfit within the above fixd periods for re-issue to their successors, the cost of such clothing shall be recovered from the men concerned at the following rates:—

If clothing, &c., are rendered unfit within half of the time prescribed for the duration.	Half cost of such article.
If rendered unfit beyond that time.	One-fourth cost of do.

VII. Part worn or unfit clothing returned into store shall be sold monthly for the benefit of the Department.

IX. Foresters and Forest Rangers are required to supply themselves with the prescribed uniform and badges of rank at their own cost within one month of permanent appointment. Provided that, the Foresters whose pay is Rs. 20 and under will be supplied with uniform at half cost, recoverable in six monthly instalments.

X. The amount recovered under paras V, VI, VIII and IX and the sale proceeds of articles referred to in para VII, will be credited in the Treasury under the head "III. Forests, V. Miscellaneous, (c) other sources."

XI. Foresters and Forest Rangers are required to appear at all times when on duty neatly and properly dressed and are held reponsible for the Forest Watchers under their control being the same.

XII. A regular inspection of kit will be held once in three months by the Forest Ranger or in his absence by the Forester. There should also be a kit inspection by the District Forest Officer once in six months during his inspection of Forests and the result thereof should be noted in the diary submitted to the Inspector General of Forests.

LOCAL BOARDS BRANCH—MUNICIPAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 6th October 1893.

READ :—

Letter No. 214—S., dated 4th September 1893, from the Deputy Commissioner of the Hassan District.

Adverting to Government Proceedings No. 2034-41—L. F. 153-92, dated 3rd ultimo, pointing out that Shekdars should not be recognized as ex-officio members of Municipalities, &c., I have the honor to state that I have instructed the Vice-President of the Alur Municipality to remove Alur Shekdar's name as an ex-officio member. I beg to recommend that he may be appointed as an ordinary member of the Board. His name is given in the margin.

Timmappaiya.

2. At present for the supervision of daily conservancy and transaction of routine business in the Municipalities other than at Taluk Head Quarters, there is none responsible to be held answerable for any omissions of duty. In this District the following are the Municipalities where there is no resident Vice-President.

1. Banavar, 2. Harnhalli, 3. Alur, 4. Konanur. 5. Sravanabelagola.

All these places are from 5 to 10 miles distance from the Taluk Head Quarters and as such the Amildars (Vice-Presidents) could not easily supervise the business every day or even twice a week. Orders for the constitution of a Municipality at Sravanabelagola have not been received yet, but it is recommended.

3. It appears necessary that in the above places head man for the supervision of the daily rutine business should be appointed for this purpose. Where therefore, there is a resident Government official in the station he may be appointed.

4. If sanction could not be accorded for nominating these Shekdars as ex-officio members in the interests of the Municipalities, I beg to request you will be good enough to authorize nomination of one of the members as chairman to continue in office for one year at a time, so that he may be held responsible for the management and supervision of the routine work. This measure I cannot yet confidently recommend, because the task will be felt as an unwelcome burden. In the outlying places people have not yet learnt to appreciate the honor of such nominations and the Minor Municipalities are constituted more to afford financially ways and means for sanitary works and conservancy than to concede to the aspiration of the people to establish and manage their own Municipal Government. That they consent to pay Municipal taxes is a circumstance which affords proof of their advancing enlightenment. It will be too early to saddle upon them any daily task requiring at least some sacrifice of one's time and labor.

No. 6566-7—L. F. 153-92, DATED, BANGALORE, 6TH OCTOBER 1893.

ORDER THEREON.—The proposed appointment of Mr. Timmappaiya, Shekdar, as a nominated member of the Alur Municipal Board is sanctioned.

2. Government have no objection to the Vice-President authorizing by a written order and with the previous consent of the Board, any Municipal member to discharge any of the executive duties of the Vice-President. This, Government trust, will obviate the difficulties brought to light by the Deputy Commissioner.

Docket dated 15th April 1893, No. 1262—1215, from the Deputy Commissioner of the Shimoga District, submitting the Budget Estimates of the several Municipalities of the Shimoga District for the year 1893-94.

No. 6999-7003—L. F. 115-93, DATED, 14TH OCTOBER 1893.

ORDER THEREON.—Government resolve to review the Budget Estimates of the several Municipalities of the Shimoga District for the year 1893-94.

SHIMOGA.

2. The estimated receipts of this Municipality for the year 1893-94 amount to Rs. 14,365 against Rs. 13,705, the actuals of 12 months of 1891-92, and Rs. 14,069, the sanctioned estimate for 1892-93, as noted in the margin.

Items.	Details.	Actuals for 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.

	Total.....	13,705	14,069	14,365

3. *Octroi.*—The estimate under this head, which is justified by the probable collections of 1892-93 is passed.

II. Tax on Houses and VII. Mohatarfa.—The estimates under these heads, which are stated to have been based upon the Jamabandi estimate for 1891-92, will be retained subject to the submission of report on the result of the revision of taxes directed in Government Proceedings dated 8th September 1892, No. 3839-48—L. F. 161-92.

5. *X. Miscellaneous.*—The increase in the estimate under this head compared with the actuals of 1891-92, which is chiefly in "(*d*) Pounds" and "(*g*) Sale of manure" is justified by the probable collections of 1892-93. The estimate is passed.

6. The opening balance in favor of this Municipality is entered at Rs. 4,141. It is not clear how this figure has been arrived at. The estimated balance in favor of the other Municipalities also does not appear to have been correctly computed. The figures entered as the closing balance of 1892-93 in the last column of the statement given in Para 5 of Government Proceedings dated 18th February 1893, No. 14063-73—L. F. 189-92, will be adopted as the balance in favor of each Municipality on 1st July 1893, as given below:—

		Rs.
1.	Shimoga	6,737
2.	Chanmagiri	704
3.	Honnalli	15
4.	Nyamti	1,988

	Total.....	13,628

7. Including the opening balance of Rs. 6,737 shown against this Municipality in the foregoing para, the sum available for expenditure during 1893-94 is Rs. 21,102, of which Rs. 14,772 are proposed to be expended, leaving at the end of the year a balance of Rs. 6,330 which exceeds 30 per cent of the receipts by Rs. 2,021.

8. *II. Head Office.*– The estimate entered under this head for this and other Municipalities in the District does not include the contribution payable towards the cost of establishments maintained in the Dewan's and Comptroller's offices. A sum of Rs. 480 will on this account be inserted in the Budgets of the several Municipalities in proportion to their receipts as shown below. The provision for Shimoga under this head will accordingly be raised from Rs. 505 to Rs. 740.

12.	Benkipur	18
13.	Holehonnur	16

9. *III. Collection.*—In the Budget for 1892-93, there was a provision for a Karkun on Rs. 12 and 2 Peons on Rs. 5 each per mensem for the collection of House and Mohatarfa taxes; but in the present Budget this has been omitted and in lieu thereof a percentage remuneration amounting to Rs. 150 is provided in accordance with Para 14 of Government Proceedings dated 31st October 1892, No. 5954-63—L. F. 157-92. Hence the decrease in the estimate, which is passed.

10. *IV. Conservancy.*—The Budget for 1893-94 provides only Rs. 10 on account of the repair of gravel carts against Rs. 56 sanctioned for 1892-93. This accounts for the decrease in the provision, which is passed.

11. *VIII. Public Works.*—The provision made consisting of the marginally noted items includes Rs. 250 for road watering. The President is requested to explain whether watering roads is absolutely necessary, whether all the roads in the Town are watered, or only portions thereof, and if so, what the mileage of the road to be watered is. Meanwhile the estimate will stand.

14. *I. Octroi*—The estimate under this head based upon the probable collections of the year 1892-93, which are given as Rs. 208, will be received, but the cause of decrease in the probable collections of 1892-93 should be explained.

15. *VIII. Rents.*—A sum of Rs. 10 is newly entered under this head in the current year's Budget. The source from which Rs. 10 are expected to be realized during the year has not been explained. The omission should be supplied. Meanwhile the estimate will stand.

16. *IX. Miscellaneous.*—The increase in the estimate under this head, which is chiefly in "(d) Pounds" is based upon the probable collections *(178) of 1892-93. The estimate is passed.

* Actuals Rs. 78.

17. Including the opening balance of Rs. 704, the sum available for expenditure during 1893-94 is Rs. 2,049, of which Rs. 1,548 are proposed to be expended, leaving a balance Rs. 501 at the end of the year.

18. *II. Head Office.*—The provision under this head will be raised from Rs. 20 to 42 for reasons given in Para 8 *supra*.

19. *IV. Conservancy.*—For feeding cattle Rs. 66 are entered in the present Budget against Rs. 60 sanctioned for 1892-93. Hence the small increase in the estimate, which is passed.

20. *VIII. Public Works.*—The provision consisting of the following items in sanctioned:—

		Rs.
(1)	Constructing roads	50
(2)	Repairing Do	150

22. The receipts of the Municipality for 1893-94 are estimated at Rs. 1,110 against Rs. 752, the actuals of 1891-92. The estimates, which are justified by the probable income of 1892-93, are approved.

The charges have therefore to be reduced.

27. *XI. Miscellaneous.*—The estimate under this head consists of the marginally noted items. The provision for dog and snake killers will be struck out for want of funds. The estimate as above sanctioned amounts to Rs. 1,091, leaving a balance of only Rs. 34. This is not enough and the President should try to reduce the expenditure further unless the receipts augment.

37 *II. Tax on Houses and VII. Mohatarfa*—The increase under these heads is expected from the revision of taxes during 1893-94. The estimates are approved.

38. X. *Miscellaneous.*—The esimate under this head consisting of the items noted in the margin is justified by the probable collections of 1892-93, but seeing that the receipts under Pounds are an uncertain item, the estimate will be reduced by Rs. 60.

48. *IV. Conservancy.*—The increase of one rupee to the pay of a watcher recommended by the Municipal Board and the purchase of a wheel barrow at a cost of Rs. 30 account for the increase in the estimate, which is approved. The cost of the wheel barrow appears to be excessive.

49. *VII. Lighting.*—The provision of Rs. 85 newly made under this head is stated to be on account of the purchase of 2 lamp posts to be fixed near the Honda for the convenience of the inhabitants resorting to it to fetch water during nights and on account of lighting the same. The balance would be still less if the expected increase under House tax and Mohatarfa does not occur. Unless therefore the receipts improve as expected, the President should curtail the expenditure under Public Works.

61. *I. Octroi.*—The estimate which is based upon the probable collections (815) of 1892-93 is passed.

62. *X. Miscellaneous.*—The decrease under this head is mainly in "(*n*) Other items." In the accounts of 1891-92, Rs. 288 are shown under "Other Items," which was probably the unexpended balance refunded to the Treasury on the last day of the year. As no such receipts are expected during 1893-94, the estimate will be passed.

63. Adding to the estimated receipts (Rs. 2,030), the estimated balance of Rs. 851, the sum available for expenditure during 1893-94, is Rs. 2,881, of which Rs. 2,873 are proposed to be expended, leaving at the end of the year only a balance of Rs. 8.

65. *IV. Conservancy.*—The increase of Rs. 84 provided under this head is due to the proposed appointment of an additional sweeper on Rs. 7 per mensem in lieu of the garden mali under "XI. 66. *VIII. Public Works.*—The marginally noted details under this head includes Rs. 667 on account of contribution payable by this Municipality towards the cost of the Dispensary building. Owing to the insufficiency of funds, this item will be struck out and the estimate reduced to Rs. 305. 67. *IX. Charitable Grants.*—The new provision of Rs. 90 made on account of the moiety of the pay of the midwife of the Sagar Taluk, sanctioned in Proceedings dated 3rd February 1893, No. 13383-5—L. F. 255-92, accounts for the increase in the estimate, which is approved.

68. *XI Miscellaneous.*—The decrease in the estimate under this head is chiefly due to the abolition of the appointment of Mali or Kamati referred to in Para 65. The estimate is passed.

NAGAR.

69. The estimated receipts of this Municipality for 1893-94 amount to Rs. 512 against Rs. 722, the actuals of 1891-92.

70. *I. Octroi.*—The decrease in the estimate should have been explained. The estimate will not however be disturbed.

71. *X. Miscellaneous.*—The decrease under this head, which is chiefly in "(*m*) Contribution" has not been explained. The omission should be supplied. Meanwhile the estimate will stand.

72. Including the opening balance of Rs. 232, the sum available for expenditure during 1893-94 is Rs. 744, of which Rs. 570 are proposed to be expended, leaving a balance of Rs. 174 at the end of the year.

77. *I. Octroi.*—The increased estimate under this head, which is justified by the probable collections (700) of 1892-93, is passed.

78. X. *Miscellaneous.*—The decrease under this head is chiefly in the marginally noted items. It is explained that the receipts under School fees are omitted, because "the realizations go to Jubilee Fund." The authority under which the receipts are credited to Jubilee Fund should be quoted. Meanwhile, the omission of estimate under item 1 is explained to be due to the realizations from the English School being credited to the Jubilee Fund, to which a moiety of the cost of the school is proposed to be debited, the balance only being provided on the side of expenditure. A sum of Rs. 450 will be entered as the estimated fee income from the School. The decrease under Contributions and the omission of estimate under Other items should be explained. Meanwhile, the estimate under these heads will stand.

82. *IX. Charitable Grants.*—The provision under this head does not include moiety of the pay of midwife sanctioned for the Taluk. A sum of Rs. 90 will be entered in the Budget on this account.

83. *X. Education.*—The decrease in the estimate under this head is due to the provision made for only ½ of the cost of the school, the remaining half hitherto met from Municipal Funds being proposed to be debited to the Jubilee Fund. Pending information called for in Para 78 *supra*, the usual provision of Rs. 657 on account of ¾ cost of the school will be entered under this head. It appears to Government that instead of paying the entire receipts of school fees (Rs. 450) to the Jubilee Fund and make it bear a cost of Rs. 435, it would be better to credit the entire receipts and debit the entire cost to Municipal Funds, making the Jubilee Fund to contribute such sum to the school as it can afford.

88. *IV. Conservancy.*—The proposal to increase the number of sweepers from 3 to 4 drawing Rs. 5 each per mensem, and the provision for the repair of carts being reduced from Rs. 10 to Rs. 6 account for the increase in the estimate, which is approved.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 16th October 1893.

READ:—

Letter from the Assistant Chief Engineer of Mysore, dated 12th July 1893, No. 3048.

With reference to the marginally noted orders, under which Municipal contributions, to the extent of ⅓rd estimated cost, have hitherto been exacted towards the construction of *new* Local Fund Dispensaries and wards for in-patients, I have the honor to enquire whether it is intended that Municipalities should also bear a proportionate share of the cost of repairs on other work that may be carried out to such Dispensaries The present practice in this matter in the Public Works Divisions is not uniform, some recovering Municipal contributions and others not; and a definite ruling of Government is required for future guidance.

* 1. Chief Commissioner's Proceedings No. 6123—141, dated 26th October 1877, para 6.
2. Mysore Government Proceedings No. 7683—93, dated 24th September 1880.

No. 7041-53—L. F. 117-93, DATED, BANGALORE, 16TH OCTOBER 1893.

ORDER THEREON.—Government are of opinion that as a matter of principle the cost of repairs as well as of construction of all Local Fund Dispensaries situate in Municipal towns, should be borne by the District, Municipal and Provincial Funds in equal proportions as they are utilised by the rural and Municipal population as well as by the servants of Government. The cost of construction is now met from the Municipal and Provincial Funds in the proportion of one-third and two-thirds, while the cost of repairs is met either wholly from Provincial Funds or from both funds without any fixed principle. In either case District Funds contribute nothing at all and the exemption was allowed with a view to obviate complications in accounts, a ground which would apply equally in favor of Municipal Funds and the validity of which Government are no longer disposed to recognise. From 1894-95, therefore, Government resolve to direct that the cost of construction of all future dispensaries, as well as the cost of repairs of all dispensary buildings, be met from Provincial, District and Municipal Funds in equal proportions. In the case of Dispensaries not situate in Municipal towns, such cost will be divided equally between District and Provincial Funds.

2. In regard to the current year for which most of the Budgets have been passed, the Chief Engineer is requested to debit the entire cost of repairs to Provincial, the cost of construction alone in Municipalities being divided as usual between Municipal and Provincial Funds in the proportion of ⅓rd and ⅔rds respectively, except in those cases in which Municipalities have been specially exempted and provision therefor has been made in the Municipal Budgets.

3. Deputy Commissioners should bring to the notice of Governmnet the cases of Municipalities which owing to poverty or straitened circumstances are unable to bear the cost of construction and repairs, and special orders will be passed in each case on its merits.

4. There will be no change in the present system of meeting the cost of establishments and medicines.

Mohatarfa.*—During 1893-94, House and Mohatarfa taxes are proposed to be revised in this and other Municipalities in the District in accordance with Government Proceedings, dated 29th October 1891, No. 8179-86—L. 647, and large increases are thereby expected under these heads in most of the Municipalities. The increase of Revenue estimated in the case of the Municipalities noted hereunder is considerably more than ¼th of the Revenue actually collected in 1891-92. As it is not safe to estimate such large increases before the results of the revision are known, the estimates will be reduced as shown below. The increase provided in the case of the other Municipalities being below 25 per cent of the actuals of 1891-92 will be passed :—

The sanctioned estimates under these heads of the Yelahanka Municipality will respectively amount to Rs. 180 and Rs. 147.

4. *X. Miscellaneous.*—The net increase of Rs. 26 is the result of a gross increase of Rs. 107 and of a gross decrease of Rs. 81 in the items noted in the margin. These variations have not been explained. This omission, which occurs in respect of this and other Municipalities also, should be supplied. Moreover it is not clear whether the diminished estimate under "(*d*) Pounds" includes fees recoverable on account of feeding charges of the impounded cattle. If it does not, the amounts that have to be entered on this account should be stated as regards this and other Municipalities, in view to their being shown under receipts as well as expenditure in accordance with Government Proceedings, dated 24th August 1891, No. 6227-39—L. 429. It should be explained how manure in this and other Municipalities are disposed of. As a rule, sweepings in streets as well as in cattle pounds should be sold by public auction. Pending the information above called for, the estimates will stand.

5. The estimate of receipts as now sanctioned amounts to Rs. 527.

6. The estimated balance in favor of this Municipality is given as Rs. 116. It is not clear how this figure as well as the balances of the other Municipalities in the District have been arrived at by the President. The following statement prepared in this office shows the balance in favor of each Municipality with reference to actual balance on 1st July 1892, according to the Comptroller's account and the estimated receipts and expenditure sanctioned for 1892-93. The figures entered in column 7 of the statement will be adopted as the correct balance in favor of each Municipality, pending the receipt of accurate information:—

The charges have therefore to be reduced.

8. *II. Head Office.*—The provision under this head includes a moiety of pay and contingencies of a Mutsaddi proposed to be entertained newly in the Taluk Cutcherry and does not include the contribution payable towards the cost of establishments maintained in the Dewan's and Comptroller's offices. This remark applies not only to this but also to the other Municipalities in the District. As Government declined to sanction the proposal of the President to employ separate Clerks in Taluk offices for Municipal work, the provision made for the salaries of the Mutsaddies and contingent charges will be disallowed and in lieu thereof contributions payable by the District Municipalities amounting to Rs. 420 will be debited to the several Municipalities in proportions specified against each in the following statement. Accordingly the provisions under this head will be reduced by sums noted against each in column 5 of the following statement. The sanctioned provision for the Yelahanka Municipality under this head will thus amount to Rs. 14.

9. *IV. Conservancy.*—The decrease under this head, which is in "(*b*) Other charges" is small and calls for no remark, except that the correct provision

sanctioned for 1892-93 is Rs. 149 as entered in Budget Statement No. I and not Rs. 144 as entered in Budget Statement No. III. The attention of the Deputy Commissioner is invited to Government Proceedings, dated 8th December 1889, No. 6861-70—157, and he is requested to see that in future the lump sum entries in Statement No. I are made to correspond as therein directed with the total of the details given in Statement No. III.

10. *VII. Lighting.*—Considering the insufficiency of funds the provision made under this head will be reduced by Rs. 10.

11. *VIII. Public Works.*—The estimate under this head is on account of the following works proposed to be executed during 1893-94 and is approved:—

		Rs.
(*c*)	Repairing roads	50

12. *XI. Miscellaneous.*—The increase under this head is due to the provision of Rs. 10 newly entered on account of the commission payable to pound-keepers, but does not include charges for feeding impounded cattle. The principle upon which remuneration is paid to pound-keepers should be explained and the amount that has to be entered on account of fodder charges should be stated as required in para 4 *supra*. Meanwhile the estimate will stand.

15. *X. Miscellaneous.*—The estimate under this head is very much below the actuals of 1891-92 and is also Rs. 13 below the estimate for 1892-93. The decrease should have been explained. Pending explanation the estimate will be allowed to stand.

16. The receipts as now estimated amount to Rs. 444. Adding to this the opening balance of Rs. 855 shown against Kengeri in the statement appended to para 6 *supra*, the sum available for expenditure during 1893-94 is Rs. 1,299, of which Rs. 1,000 are proposed to be expended leaving a balance of Rs. 299 at the end of the year.

The proposal is sanctioned and the estimate passed.

29. *X. Education.*—The decrease of Rs. 30 under this head is due to no provision having been made for furniture. The estimate is passed.

30. *XI. Miscellaneous.*—The increase of Rs. 30 is due to the provision newly made on account of commission payable to the pound-keeper. The estimate will stand, pending the information called for in paras 4 and 12 *supra*.

33. *VIII. Rents.*—The new estimate under this head is stated to be the anticipated revenue from the levy of a fee on articles brought into the market for sale. Pending explanation, the item will be struck out.

34. *X. Miscellaneous.*—The increase under this head, which is chiefly in "(*a*) Sale of houses and lands" is probably due to the expected increase during 1893-94 of the sale of sites. The estimate is sanctioned.

Adding to this the opening balance of Rs. 1,957 shown against this Municipality in para 6 *supra*, the sum available for expenditure during 1893-94 is Rs. 3,950, of which Rs. 3,062 are proposed to be expended leaving a balance of Rs. 888 at the end of the year.

43. *VIII. Rents.*—The new estimate under this head is the probable amount expected to be realized by the levy of a small fee on articles brought into the market. The estimate will be struck out, pending the receipt of information similar to that called for in para 33 *supra*.

44. *X. Miscellaneous.*—Almost the whole increase is in "(*a*) Sale of houses and lands" under which Rs. 1,000 are expected to be realized in 1893-94 by the sale of house sites in the extension of the town. The estimate is passed.

45. The estimate as above modified comes to Rs. 2,201. The provision proposed will be allowed to stand, pending the information called for in Government Proceedings, dated 17th May 1893, No. 19177—L. F. 157-92.

57. *IV. Conservancy.*—Excluding the sum of Rs. 60 transferred to "III. Collection" in the foregoing para, the estimate under this head comes to Rs. 373. The increase of Rs. 24 provided is due to the proposed abolition of Mutsaddi on Rs. 6 and the employment of two additional sweepers on Rs. 4 each per mensem. The proposal is sanctioned and the estimate approved.

58. *VIII. Public Works.*—The provision made consists of the following items and is passed :—

		Rs.
(*b*)	Roads, original	500
(*c*)	Do repairs	200
(*d*)	Drains, original	100
(*e*)	Do repairs	50
(*m*)	Compensation	1,200
(*o*)	Reserve	100
	Total.....	2,450

59. *X. Education.*—A sum of Rs. 189 is newly entered under this head on account of three-fourths cost of the English School in the town. The provision made is in accordance with the scale of charges sanctioned for the newly opened school in Government Proceedings, dated 20th June 1892, No. 5096-8—L. 618, and is passed.

60. *XI. Miscellaneous.*—The new provision made for the allowance proposed to be granted to the pound-keeper accounts for the increase in the estimate, which is sanctioned subject to the information called for in para 12 *supra*.

61. The receipts of this Municipality for 1893-94 are estimated by the President at Rs. 1,262 against Rs. 889, the actuals of 1891-92.

62. *II. Tax on Houses and VII. Mohatarfa.*—The increased estimates under these heads will be reduced by Rs. 72 and 62 respectively for reasons given in para 3 *supra*.

63. *VI. Tolls and Ferries.*—No estimate is entered under this head as the sum erroneously credited to Municipal Funds in 1891-92 is an item of District Fund Revenue as remarked in para 2 of Government Proceedings, dated 25th November 1892, No. 7185-9—L. F. 226-92.

64. The estimate as now modified comes to Rs. 1,128. Excluding from this the estimated debit balance of Rs. 37 against the Municipality on 1st July 1893, the sum available for expenditure during 1893-94 is Rs. 1,091, but the charges proposed exceed this amount by Rs. 196. The expenditure has therefore to be reduced.

66. *IV. Conservancy.*—The President proposes to dispence with the services of a Mutsaddi, a Sweeper and a Peon on Rs. 3, 5 and 5 per mensem respectively and to employ instead a Sweeper on Rs. 3 involving a net decrease of Rs. 120 under this head. The estimate is passed.

67. *VII. Lighting and VIII. Public Works.*—Owing to the insufficiency of funds, the provision for lighting will be reduced by Rs. 20 and that made for the marginally noted works proposed to be executed during 1893-94 will be struck out altogether. If however the Revenue improve the President may send a supplemental Budget in regard to the provisions now struck out.

69. X. *Education.*—The provision which is the same as that sanctioned for the past year will be allowed to stand, but Government consider that the proposed expenditure on account of three-fourth cost of school, *viz.*, Rs. 466 with a small fee income of Rs. 213, the actuals of 1891-92, while only Rs. 41 are proposed on roads and drains is high. This is not as it should be, especially considering that Kankanhalli is a notoriously unhealthy place. The President is requested to propose reductions in the estimate in consultation with the Education Secretary. As the Municipal School teaches only up to the Middle School standard a Head Master on Rs. 30 appears to be too costly.

73. *X. Miscellaneous.*—The increase, which is chiefly in "(*d*) Pounds" and "(*f*) School Fees," has not been explained. The omission should be supplied. Meanwhile the estimate will stand.

74. The estimate as above reduced comes to Rs. 1,677, to which Rs. 1,217, the estimated opening balance in favor of the Municipality being added, the sum available for expenditure during 1893-94 will be Rs. 2,894, of which Rs. 2,247 are proposed to be expended leaving a balance of Rs. 647 at the end of the year.

the conservancy cart account for the increase in the estimate, which will stand, subject to the submission of details for the lump sum (Rs. 120) provided under "(*b*) Other charges."

77. *VIII. Public Works.*—The following works are proposed to be executed during 1893-94. The provision is passed :—

81. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads will be reduced by Rs. 162 and 117 respectively as per remarks contained in para 3 *supra*.

82. *X. Miscellaneous.*—The increase, which is chiefly in "(*h*) Scavengering fees," under which Rs. 100 are newly entered has not been explained. Pending information the estimate will stand. It is noted that the correct total of the details under this head is Rs. 487 and not Rs. 387 as erroneously entered in the Budget statement. Such mistakes should be carefully guarded against in the future.

83. The estimated receipts as above modified amount to Rs. 2,940. Adding to this the opening balance of Rs. 1,938, the sum available for expenditure during 1893-94 is Rs. 4,878, of which Rs. 4,476 are proposed to be expended leaving a balance of Rs. 402 at the end of the year.

85. *II. Head Office.*—For reasons stated in para 8 *supra*, the estimate will be altered to Rs. 80.

86. *IV. Conservancy.*—The provision under this head includes the marginally noted items sanctioned in Government Proceedings, dated 20th March 1893, No. 15301-3—L. F. 108-92. Including these items, the estimate ought to be Rs. 1,512, but the estimate proposed is Rs. 1,518. The difference is however too small to require notice. The estimate is passed.

88. *VIII. Public Works.*—The provision made for the following works is passed excepting the item under Buildings original (Rs. 1,448) which the Municipality has been excused under Government Proceedings, dated 3rd August 1893, No. 2017-20—L. F. 312-92:—

89. *XI. Miscellaneous.*—The decrease is mainly due to no estimate being entered under "(*a*) Re-payment of loans" in accordance with Government Proceedings, dated 20th March 1893, No. 15301-3—L. F. 108-92. The estimate is approved, pending information called for in paras 4 and 12 *supra* in regard to "(*e*) Cattle Pounds."

Channapatna.

90. The receipts of this Municipality for 1893-94 are estimated at Rs. 5,657 against Rs. 3,922, the actuals of 1891-92 as noted in the margin.

VII.	Mohatarfa	1,319	1,905
X.	Miscellaneous ...	1,257	1,852

91. *II. Tax on Houses and VII. Mohatarfa.*—Government presume that the actuals and the estimates include Government moiety of the taxes, which is not creditable to the Municipality from 1893-94. Taking the actuals properly due to the Municipality to be only Rs. 673 and 659, and allowing ¼th of it for the probable increase during 1893-94, the estimates under these heads will be reduced to Rs. 842 and 824 respectively.

92. *X. Miscellaneous.*—The increase, which is chiefly in "(*f*) School fees" is reported to be due to the opening of a new class in the school. The estimate is passed.

93. The estimate as now sanctioned amounts to Rs. 3,518. Adding to this, the estimated balance of Rs. 881, shown against this Municipality in statement appended to para 5 *supra*, the sum available for expenditure during 1893-94 is Rs. 4,399, but the proposed charges amounting to Rs. 5,235 as shown in the marginal statement exceed the amount by Rs. 836. The charges have therefore to be reduced.

94. *II. Head Office.*—The estimate under this head will be altered to Rs. 114 as per remarks contained in para 8 *supra*.

95. *III. Collection.*—The sum of Rs. 72 erroneously included under the head "IV. Conservancy" on account of allowance to the Shanbhog for collecting Mohatarfa will be shown under this head.

96. *IV. Conservancy.*—Excluding Rs. 72 transferred to "III. Collection" in the foregoing para, the estimate comes to Rs. 1,478. The increase (Rs. 402) under this head is the result of a gross increase of Rs. 456 on account of the proposed entertainment of 7 additional sweepers at Rs. 5 each per mensem and the increase of pay to 3 sweepers from 3 to 4 rupees each and of a gross decrease of Rs. 54 under "(*a*) Other charges." Considering the funds available, the provision made is excessive. The entertainment of only 3 additional sweepers and the increase of pay to 3 sweepers will be approved. The sanctioned estimate under this head will thus amount to Rs. 1,238.

97. *VII. Lighting.*—Owing to the insufficiency of funds, the increase provided for new lamp-posts will be disallowed.

100. *X. Education.*—The increase Rs. 360 under this head is due to the provision newly made on account of $\frac{3}{4}$th cost of pay of the Science Teacher sanc-

tioned in Government Proceedings, dated 26th April 1893, No. 17692-4—L. F. 156-92. The pay of the Science Teacher is only Rs. 35 per mensem and not Rs. 40 as erroneously entered in the Budget, and moreover his entertainment was sanctioned temporarily till the end of June 1893, with a remark that separate orders would be passed on receipt of the explanation called for in Proceedings, dated 1st April 1893, No. 16271-2—L. F. 269-92. The explanation called for in the marginally noted Proceedings should be submitted early with the resolution of the Municipal Board. Meanwhile the estimate will stand at Rs. 1,591.

104. *X. Miscellaneous.*—The decrease is chiefly in "(*h*) Other items" under which Rs. 604 were realized in 1891-92 by a refund of unexpended balance on the last day of the year, while no such item is included in the proposed estimate for 1893-94. The estimate is approved.

105. The estimate as now sanctioned amounts to Rs. 2,001. Adding to this the opening balance of Rs. 2,478 in favor of the Municipality, the sum available for expenditure during 1893-94 is Rs. 4,479, of which Rs. 3,743 are proposed to be expended, leaving a balance of Rs. 736 at the end of the year.

107. *IV. Conservancy.*—It is proposed to do away with the services of the Mutsaddi on Rs. 7 and in lieu thereof to entertain a Peon on Rs. 5 per mensem to supervise the conservancy of the town, an increase of 8 as. being given to each of the existing 5 sweepers on 4½ Rs. per mensem. The proposal is sanctioned and the estimate approved.

108. *VII. Lighting.*—The post of a lamp lighter on Rs. 5 per mensem is proposed to be abolished in view to giving out on contract the lighting of lamps. The estimate is allowed to stand, subject to the submission of information in regard to the number of lamps to be lighted and the cost of lighting each lamp.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 20th October 1893.

READ :—

Letters dated 3rd and 11th April 1893, Nos. 812 and 843, respectively, from the Deputy Commissioner of the Tumkur District, submitting the Budget Estimates of the several Municipalities in his District for the year 1893-94 ending 30th June 1894.

No. 7122-6—L. F. 119-93, DATED, BANGALORE, 20TH OCTOBER 1893.

ORDER THEREON.—Government resolve to review the Budget Estimates of the several Municipalities in the Tumkur District for 1893-94.

TUMKUR.

2. The estimated income of this Municipality for 1893-94 amounts to Rs. 8,353 against Rs.7,324, the actuals of the year 1890-91, and Rs. 7,803, the sanctioned estimate for 1892-93, as shown in the margin.

Items.	Details of Receipt.	Actuals of 1890-91.	Estimate for 1892-93.	Estimate for 1893-94.
I	Octroi	2,316	2,000	2,050
II	Tax on Houses ..	1,220	1,650	2,000
VII	Mohatarfa ...	912	1,670	1,990
VIII	Rents	118	110	110
X	Miscellaneous ...	2,395	2,373	2,203
	Unexpended balance ...	363	...	...
	Total.....	7,324	7,803	8,353

3. *I. Octroi.*—The diminished estimate under this head compared with the actuals is justified by the probable collections of 1892-93, which are given as Rs. 2,138, and is sanctioned.

4. *VII. Mohatarfa.*—New shops, looms and carts are stated to have come into existence. Hence the increase in the estimate, which is approved.

5. *X. Miscellaneous.*—The decrease in the estimate compared with the actuals is chiefly in "(*n*) Other items," under which Rs. 363, the unexpended balance on hand with the Vice-President, was credited in the accounts on the last day of the year 1890-91, while no such receipt is expected during 1893-94. The estimate is passed.

6. Including the opening balance of Rs. 2,988, the sum available for expenditure during 1893-94 is Rs. 11,341, of which Rs. 7,528 are proposed to be expended, leaving a balance of Rs. 3,813 at the end of the year.

Items.	Details of Expenditure.	Actuals of 1890-91.	Estimate for 1892-93.	Estimate for 1893-94.

IX	Charitable Grants ...	100	172	172
XI	Miscellaneous ...	257	435	328
	Total.....	6,945	7,395	7,528

7. *II. Head Office.*—The provision under this head does not include the contribution payable by this and other Municipalities in the District towards the cost of establishments maintained in the Dewan's and Comptroller's offices. A sum of Rs. 326, the quota payable by the Tumkur District, will be apportioned among the several Municipalities as noted in the margin. A provision of Rs. 123 will accordingly be entered in the budget of Tumkur and the estimate under the head raised from Rs. 376 to Rs. 499.

8. *VII. Lighting.*—During 1893-94, 60 lamps are proposed to be lighted against 50 in 1892-93. Hence the increase in the estimate, which is passed. It is noted that the details of the lump sum provision entered in the Budget Statement No. I of this and other Municipalities both under this head and "XI. Miscellaneous" have not been given in Budget Statement No. III as required in Government Proceedings dated 8th December 1889, No. 6861-70—157. The Deputy Commissioner is requested to see that such omissions are carefully guarded against in the future.

9. *VIII. Public Works.*—The provision made under this head is for the marginally noted works proposed to be executed during 1893-94 and is passed.

10. *IX. Charitable Grants.*—The provision of Rs. 12 made for travelling allowance will be struck out, as the charge is debitable to Provincial under codal rules.

11. *XI. Miscellaneous.*—The provision made under this head is for the following purposes and is retained, subject to the submission of details under items 1 and 3:—

BELLAVI.

12. The income of this Municipality for 1893-94 is estimated at Rs. 625 against Rs. 589, the actuals of 1890-91.

Items.	Details of receipts.	Actuals of 1890-91.	Estimate for 1892-93.
II	Tax on Houses ...	133	210
VII	Mohatarfa ...	170	287
X	Miscellaneous ...	286	128
	Total.....	589	625

13. *II. Tax on Houses and VII. Mohatarfa.*—The taxes are proposed to be revised during 1893-94 and an increase of revenue is thereby expected in this as well as other Municipalities. Government however doubt whether such large increase can be expected by the revision of the taxes. Pending explanation, the estimates under II and VII will be reduced to Rs. 170 and 210 respectively.

14. *X. Miscellaneous.*—The decrease under this head should have been explained. The estimate however will not be disturbed.

15. The estimate as now sanctioned comes to Rs. 508. Adding to this the opening balance of Rs. 215, the sum available for expenditure during 1893-94 is Rs. 723, of which Rs. 596 are proposed to be expended, leaving a balance of Rs. 127 at the end of the year.

	Total.....	605	596	596

16. *II. Head Office.*—For reasons given in Para 7 *supra*, the provision under this head will be raised by Rs. 9.

17. *IV. Conservancy.*—The pay of the existing sweepers is proposed to be raised from Rs. 4 to 5 each on the ground that they are not willing to serve on their present low rate of pay. The increase is sanctioned and the provision approved. It is noted that the correct estimate sanctioned for 1892-93 is Rs. 192 as entered in the Budget Statement No. 1 and not Rs. 240 as erroneously entered in Statement No. III.

18. *VIII. Public Works.*—The provision made is for the marginally noted works to be executed in 1893-94 and is passed.

		Rs.

19. *XI. Miscellaneous.*—The details under the sub-heads "(*e*) Cattle-pounds" and "(*h*) Other items" have not been furnished. The omission should be supplied. Meanwhile the estimate will stand.

KORATAGERE.

20. The receipts of this Municipality for 1893-94 are estimated at Rs. 811 against Rs. 731, the actuals of 1890-91.

Items.	Details of receipts.	Actuals of 1890-91.	Estimate for 1893-94.

	Total.....	731	811

21. *II. Tax on Houses and VII. Mohatarfa.*—The increased estimate under Mohatarfa is reduced to Rs. 210 for reasons given in Para 13 *supra*.

22. *VIII. Rents.*—The cause of increase under this head should have been explained. The estimate however will not be disturbed.

23. The income as above sanctioned amounts to Rs. 698, to which the opening balance of Rs. 73 being added, the sum available for expenditure during 1893-94 is Rs. 771, of which Rs. 604 are proposed to be expended, leaving a balance of Rs. 167 at the end of the year.

24. *II. Head Office.*—In accordance with Para 7 *supra*, the provision under this head will be raised from Rs. 6 to 18.

25. *VIII. Public Works.*—The marginally noted items are included in the estimate under this head. The provision is passed.

		Rs.

	Total.....	100

26. The other items call for no remark.

GUBBI.

27. The receipts of this Municipality for 1893-94 are estimated at Rs. 1,599 against Rs. 2,294, the actuals of the year 1890-91.

II	Tax on Houses ...	1,122	700
VII	Mohatarfa ...	1,039	449
X	Miscellaneous ...	335	450
	Total ..	2,496	1,599

28. *II. Tax on Houses and VII. Mohatarfa.*—The cause of the decrease in the estimates has not been explained. Government presume that the actuals for 1890-91 include the Government share of Mohatarfa, whereas the present estimate is confined to the Municipal share thereof. The Deputy Commissioner is however requested to state if this is so. Pending explanation, the estimates will stand.

29. *X. Miscellaneous.*—The increase under this head is in "(*d*) Pounds." The estimate based upon the actual collections of the first half of 1892-93 is passed.

30. Including the opening balance of Rs. 1,140, the sum available for expenditure during 1893-94 is Rs. 2,739, of which Rs. 1,833 are proposed to be expended, leaving a balance of Rs. 906 at the end of the year.

31. *II. Head Office.*—For reasons given in Para 7 *supra*, the estimate for 1893-94 will be raised from Rs. 14 to 38.

32. *VIII. Public Works.*—The estimate consisting of the marginally noted items is allowed to stand.

		Rs.
1	Repairing roads ...	300
2	Compensation ...	200
	Total.....	500

33. *IX. Charitable Grants.*—The sum of Rs. 20 entered under this head on account of travelling allowance to the Hospital Assistant will be struck out, as the same is chargeable to the Medical Budget.

34. *XI. Miscellaneous.*—The provision of 104 under "Other items" and Contingencies against Rs. 25 sanctioned for 1892-93 accounts for the increase in the estimate and consists of the following items :—

	Rs.
1. For protection of mango trees	30
2. Purchase of dust-bins	64
3. Contingencies	10
Total Rs.....	104

35. *Item* 2, which is on account of the purchase of dust-bins, will be transferred to "IV. Conservancy (*b*) Other Charges" and the estimate under this head reduced accordingly.

36. As regards item 3, the Deputy Commissioner is requested to explain how increased provision was necessitated under this item. Meanwhile the estimate under "XI. Miscellaneous" will be Rs. 245. It is noted that the correct total of the details of estimate under this head is Rs. 309 and not Rs. 245 as erroneously entered in Budget Statement No. I. Such mistakes should be carefully guarded against in the future.

TIPTUR.

38. *II. Tax on Houses and VII. Mohatarfa.*—The increased estimates under these heads are stated to have been based upon the Jamabandi account of 1891-92 and are allowed to stand, subject to the submission of explanation as to whether the taxes are to be revised during 1893-94.

39. *X. Miscellaneous.*—The small increase under this head calls for no remark. The estimate is passed.

40. Including the opening balance of Rs. 782, the sum available for expenditure during 1893-94 is Rs. 2,865, of which Rs. 2,433 are proposed to be expended, leaving a balance of Rs. 432 at the end of the year.

Government observe that Budget Form No. I provides Rs. 193 for road repairs and Rs. 100 for drain repairs, whereas Budget Form No. II provides Rs. 243 for road repairs and Rs. 50 for drain repairs. The Deputy Commissioner is requested to explain the variations and report which figures Government should adopt.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 20th October 1893.

READ :—

Docket from the Deputy Commissioner of the Kolar District, dated 4th May 1893 No. 3357—819, submitting the Budget estimates of the several Municipalities of the Kolar District for the year 1893-94.

No. 7134-8—L. F. 118-93, DATED 20TH OCTOBER 1893.

ORDER THEREON.—Government resolve to review the Budget estimates of the several Municipalities of the Kolar District for the year 1893-94.

KOLAR.

2. The receipts of the Municipality for 1893-94 are estimated at Rs. 7,564 against Rs. 7,826, the actuals of 1891-92 and Rs. 7,243, the sanctioned estimate for 1892-93 as shown in the marginal statement.

Items.	Details of Receipts.	Actuals of 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.

	Total.....	7,826	7,243	7,564

3. *I. Octroi.*—The estimate under this head, being based upon the actuals of 1891-92, is passed.

4. *II. Tax on Houses and VII. Mohatarfa.*—The estimates, which are the same as those sanctioned for 1892-93 and which are stated to have been based on the Jamabandi, are approved. But the Deputy Commissioner is requested to report whether the taxes have not been revised as directed in Government Proceedings, dated 29th October 1891, No. 8179-86—L.647.

5. *VIII. Rents.*—The cause of the decrease under this head compared with the actuals has not been explained. The omission should be supplied. Meanwhile the estimate will not be disturbed.

6. *X. Miscellaneous.*—The decrease compared with the actuals is chiefly in the sub-heads "(*m*) Contributions" and "(*n*) Other Items." The decrease under the latter is only nominal as in 1891-92, a sum of Rs. 1,307 was credited in the accounts of the year on account of the adjustment of advances recovered, and refund made of unexpended balance on the last day of the year, no such items being expected during 1893-94. The decrease under the former head is due to the actuals of 1891-92 embracing the contributions of 1891-92 as well as a portion due for the previous year. The estimate is sanctioned.

7. Including the opening balance of Rs. 2,398, the sum available for expenditure during 1893-94 is Rs. 9,962, of which Rs. 8,321 are proposed to be expended, leaving a balance of Rs. 1,641 at the end of the year.

Head Office.*—In the provision made under this head in this and all other Municipalities, the amount payable by the Municipalities towards the cost of establishments maintained in the Dewan's and Comptroller's Offices has been omitted but sums on account of the travelling allowances of auditors or on account of the salary of the Assistant Clerk

proposed to be newly appointed have been included. The latter sums will be struck out throughout, and the proportionate amount due by each Municipality on account of the establishments in the Comptroller's and the Dewan's Offices inserted in lieu as shown below :—

The estimate for Kolar under this head will accordingly be raised from Rs. 186 to Rs. 218.

9. *III. Collection.*—The provision newly made on account of percentage remuneration payable on octroi collections under Government Proceedings, dated 31st October 1892, No. 5954-63—L. F. 157-92, accounts for the increase in the provision, which is sanctioned.

10. *IV. Conservancy.*—The Board propose to increase the salary of the Municipal Daroga from Rs. 20 to 25 and that of one of the Peons from Rs. 5 to 6 The provision for tools is also raised from Rs. 10 to Rs. 20. Hence the increase in the estimate. As Government in their Proceedings, dated 5th August 1893 No. 2145-53—L. F. 388-92 declined to sanction the proposed increase to the Daroga, the sum of Rs. 60 provided therefor will be struck out. The remaining provision is sanctioned.

11. *VII. Lighting.*—The existing rate of the cost of lighting per lamp (11½ As.) being considered insufficient, the Board propose a higher rate (12½ As.) and also provide for the purchase of 5 lamp posts at a cost of Rs. 60. The estimate is passed.

12. *VIII. Public Works.*—The provision, which is for the following works proposed to be executed during 1893-94, is sanctioned :—

		Rs.
1.	Repairing roads	680
2.	Constructing drains	400

(4)	Pay of Vaccinator ...	84
	Total	108

13. *IX. Charitable Grants.*—The increases provided under this head are noted in the margin.

14. *Item* 4.—The new provision is on account of the pay of the vaccinator temporarily sanctioned in Government Proceedings, dated 18th September 1891, No. 6949-52—L. 538. The Deputy Commissioner proposes the permanent employment of the vaccinator, as much inconvenience is felt for want of one. The proposal is sanctioned and the provision approved.

15. The other items do not call for remark.

16. *XI. Miscellaneous.*—The correct total of the details of the estimate under this head amounts to Rs. 1,123 and not Rs. 1,108 as erroneously entered in Budget Statement No. III. Such mistakes should be carefully guarded against in the future. The increase under this head consists of the items noted in the margin, of which item 1 calls for no remark. As regards *Item* 2 explanation should be furnished how the Park was hitherto managed without gardeners, what the extent of the Park is, and whether it is largely resorted to by the public. Meanwhile, the provision will stand. *Item* 3 will be reduced to Rs. 150, as no explanation for the larger provision is given.

		Rs.

II	Tax on houses	279	309
VII	Mohatarfa	762	683
XI	Miscellaneous	3,639	490
	Total	5,146	1,888

17. The income of this Municipality for 1893-94 is estimated at Rs. 1,888 against Rs. 5,146, the actuals of 1891-92.

18. *I. Octroi.*—The estimate based upon the probable collections of 1892-93 is passed.

19. *II. Tax on houses.*—The tax is proposed to be revised during the current year and increase is thereby expected. The estimate is approved.

20. *VII. Mohatarfa.*—The actuals of 1891-92 included the arrears of previous years collected during that year, while no such arrear is included in the present estimate. Hence the decrease in the estimate, which will be sanctioned.

21. *XI. Miscellaneous.*—Almost the whole decrease is in the sub-heads "(*a*) Sale of lands" and "(*b*) Other Items," under the former, a large sum of Rs. 2,933 was realized in 1891-92 by the sale of building sites in the new extension of the town, while under the latter Rs. 141 was credited as the unexpended balance remaining in the hands of the Vice-President on the last day of the year. As no similar receipts are expected during the current year, the estimate is approved.

XI	Miscellaneous ...	259	113	103
	Total.....	5,085	2,508	2,937

22. Including the opening balance of Rs. 3,184, the sum available for expenditure during 1893-94 is Rs. 5,072, of which Rs. 2,937 are proposed to be expended, leaving a balance of Rs. 2,135 at the end of the year.

23. *II. Head Office.*—For reasons given in Para 8 *supra*, the estimate will be increased from Rs. 53 to 58.

24. *III. Collection*—The increased provision is passed for reasons explained in Para 9 *supra.*

25. *IV. Conservancy.*—The Board propose to employ a Daroga on Rs. 8 per mensem and to increase the hire of the conservancy cart from Rs. 12 to Rs. 15 per mensem. Provision is also made for the purchase of tools at a cost of Rs. 5. This accounts for the increase in the estimate. The proposed employment of a Daroga to supervise the work of the conservancy establishment should form the subject of a separate correspondence. Pending such reference and final sanction of Government, the item will be retained. The other items are passed. The Deputy Commissioner explains that the services of a cartman with a cart and a pair of bullocks cannot be had for less pay.

26. *VIII. Public Works.*—The following works are proposed to be executed during 1893-94. The estimate is passed :—

		Rs.
(1)	Repairing roads	300
(2)	Constructing drains	250
(3)	Repairing do	50
(4)	Constructing a wall enclosing the bandy-stand ...	300
(5)	Reserve for unforeseen works	50
		950

27. *IX. Charitable Grants.*—The sanctioned provision of Rs. 15 for 1892-93 on account of furniture is proposed to be reduced to Rs. 9, which accounts for the decrease in the estimate, which is passed.

28. *X. Education.*—A sum of Rs. 112 on account of the moiety cost of repairing the school house and of Rs. 10 for prize books is newly provided under this head. Hence the increase in the estimate. The former sum will be passed, subject to the submission of an estimate for the work. Government observe that the fixed charges are already heavy being more than 2·5 times the fee income, which, under the standing orders, must not be less than half the total expenditure. Government further observe that the fee collections show a tendency to decrease, the actuals of 1891-92 being 368 and the collections of 1892-93 being Rs. 296. Considering that the School teaches only up to the Middle School Standard. The President is requested to consider whether a less expensive Head Master, who now

gets Rs. 40 per mensem, will not suffice the requirements of the school and whether some other reductions cannot be effected in the charges. Pending explanation, the provision will be retained.

29. The other items call for no remark except that the balance being large, the Deputy Commissioner is requested to propose further expenditure to the extent of Rs. 1,000 on useful sanitary works, unless the balance has been reserved for any special work of utility.

30. The estimated income of this Municipality amounts to Rs. 1,025 against Rs. 807, the actuals of 1891-92.

31. *Tax on Houses and VII. Mohatarfa.*—During 1893-94, House and Mohatarfa taxes are proposed to be revised in this and several other Municipalities and large increases are thereby expected under these heads. The increase of revenue expected in the case of the Municipalities noted hereunder is considerably more than ¼ of the revenue actually realized in 1891-92. As it is not safe to estimate such large increases before the results of the revision are known, the estimates will be reduced as shown in the following statement :—

The estimate under these heads of Malur will accordingly be reduced to Rs. 296 and Rs. 339, respectively.

32. The estimate as now reduced comes to Rs. 945. Adding to this the opening balance of Rs. 1,274, the sum available for expenditure during 1893-94 is Rs. 2,219, of which Rs. 1,404 are proposed to be expended, leaving a balance of Rs. 815 at the end of the year.

33. *II. Head Office.*—The estimate under this head will be reduced by Rs. 5 in accordance with para 8 *supra.*

34. *III. Collection.*—The increase provided is sanctioned for reasons given in para 9 *supra.*

35. *IV. Conservancy.*—The proposed employment of a Peon and a Sweeper on Rs. 5 each accounts for the increase in the provision. The entertainment of the 2 hands is sanctioned and the provision approved. But such employment of additional Peons or Sweepers must always form the subject of a separate reference and not mixed up with Budget estimates (*vide* para 4 of Government Proceedings, dated 16th April 1892 No. 1108-1147—Cir. 5).

36. *VII. Lighting.*—During 1892-93 only 12 lamps were lighted, but in the current year 3 more lamps are proposed to be lit, each lamp costing Rs. 4. Hence the increase in the estimate, which is passed.

37. *VIII. Public Works.*—The provision under this head consisting of the marginally noted items is sanctioned.

38. *IX. Charitable Grants.*—The increase is due to the provision for furniture being proposed to be raised from Rs. 7 to 17. The estimate will be reduced to the figure of 1892-93, pending explanation as to the necessity for the repetition of provision for furniture which is not a recurring item.

39. The other items call for no remark.

40. The estimated income of this Municipality amounts to Rs. 2,141 against Rs. 2,006, the actuals of 1891-92.

41. *I. Octroi.*—The diminished estimate purports to be based upon the probable collections of 1892-93. The probable collections as shown in Budget Form No. 1 amount to Rs. 405 and not Rs. 430. Such a large falling off in octroi should be explained. Pending explanation, the estimate will stand.

42. *II. Tax on Houses and VII. Mohatarfa.*—With reference to the remarks contained in para 31 *supra*, the increased estimate under House tax will be reduced to Rs. 641 and that under Mohatarfa retained.

43. *X. Miscellaneous.*—Under this head there is an estimated increase of Rs. 46 under "Sale of lands and houses", of Rs. 28 under "Pounds" and Rs. 3 under "Sale of manure" and a diminution of Rs. 25 under School fees, giving a net increase of Rs. 52. The increased estimate under "Sale of lands" is passed, as it is probably based on the actuals of the 1st half of 1892-93. The other variations require explanation. The estimate however will not be disturbed.

44. The total income as above estimated comes to Rs. 2,082. Adding to this the opening balance of Rs. 4,985, the sum available for expenditure during 1893-94 is Rs. 7,067, of which Rs. 5,749 are proposed to be expended, leaving a babance of Rs. 1,318 at the end of the year.

45. *II. Head Office.*—The provision under this head will be altered to Rs. 65, as required in para 8 *supra*.

46. III. *Collection.*—The increased estimate is sanctioned as per remarks contained in para 9 *supra*.

47. *IV. Conservancy.*—The Board propose to employ two additional Sweepers on Rs. 5 each and to raise the salary of the Daroga from Rs. 7 to Rs. 10 and of two Sweepers from Rs. 4 to Rs. 5 each per mensem. The hire of two carts is also proposed to be raised from Rs 8 to Rs. 10 each, provision being newly made for the purchase of tools. Hence the increase in the estimate, which is passed.

48. *VIII. Public Works.*—The marginally noted works are proposed to be executed during 1893-94. Government consider that Rs. 3,181 for a market wall is a very large sum. The people recently complained to the Dewan about the want of drinking water when he was there last year. The Deputy Commissioner is requested to state whether the money proposed to be spent on a market wall cannot be utilized for excavating wells or ponds. Meanwhile the provision will be struck out.

52. X. *Miscellaneous.*—The decrease under this head, which is chiefly in "(*u*) Other Items" is only nominal, as in 1891-92, a sum of Rs. 77 was credited as the unexpended balance on the last day of the year, while no such receipt is expected during 1893-94.

53. The estimated receipts as above modified come to Rs. 825. Adding to this the opening balance of Rs. 512, the sum available for expenditure during 1893-94 is Rs. 1,337, of which Rs. 1,103 are proposed to be expended, leaving a balance of Rs. 234 at the end of the year.

60. *I. Octroi, II. House Tax and VII. Mohatarfa.*—The estimates based upon the probable collections of 1892-93 are sanctioned, but the Deputy Commissioner is requested to explain the cause of falling off of the revenue during 1892-93 under Octroi.

61. *VIII. Rents.*—The new estimate under this head is the amount expected to be realized by the proposed levy of a small fee on shops in the weekly market. If the market is maintained and repaired at the expense of the Municipality, there is no objection to the levy of rent in the shape of a fee. Pending explanation the estimate will stand.

62. *X. Miscellaneous.*—The decrease which is in "*(n) Other Items*" is nominal, as in 1891-92 a sum of Rs. 1,591, being the unexpended balance on the last day of the year was credited in the account, no such item being expected during 1893-94. The estimate includes Rs. 120, being the receipt from fees expected from the school to be opened. As the establishment of the school has not been sanctioned yet, the estimate entered will be disallowed.

63. The receipts as now estimated amount to Rs. 1,883. Adding to this the opening balance of Rs. 1,039, the sum available for expenditure during 1893-94 is Rs. 2,922, of which Rs. 2,192 are proposed to be expended, leaving a balance of Rs. 730 at the end of the year.

66. *IV. Conservancy.*—The new provision of Rs. 5 made for the purchase of tools accounts for the increase in the estimate, which is passed.

68. *IX. Charitable Grants.*—A sum of Rs. 27 provided for furniture against Rs. 8 sanctioned in 1892-93 accounts for the increase in the estimate, which will be retained, subject to the submission of explanation similar to that called for in para 38 *supra*.

69. *X. Education.*—A sum of Rs. 242 provided under this head is stated to have been entered on account of $\frac{3}{4}$th cost of the school to be opened in accordance with Education Secretary's Docket, dated 22nd December 1892, No. 3666—86. The establishment of the school has not as yet been sanctioned, the provision made for the same will be struck out.

72 *I. Octroi.*—The estimate based upon the actuals of 1892-93 is passed, subject to the submission of explanation as to why the income fell off during 1892-93.

73. *II. Tax on Houses and VII. Mohatarfa.*—The increased estimate under House Tax will be retained and that under Mohatarfa reduced by Rs. 58 in accordance with para 31 *supra*.

74. *X. Miscellaneous.*—The new estimate of Rs. 200 entered under "(*a*) Sale of lands" and increase expected under "(*d*) Pounds" and "(*f*) School fees," account for the increase in the estimate. The increase in "(*b*) School fees" is only nominal, as in 1891-92, although Rs. 150 were realized, only Rs. 60—8—0 are stated to have been credited to the Municipality, the balance having been erroneously credited to the Land Revenue. The Deputy Commissioner is requested to explain the cause of wrong credit and propose adjustment by a credit to the Municipality and debit to Provincial. The increase under (*d*) Pounds is due to the estimate having included amounts to be collected on account of feeding charges of the impounded cattle. There is nothing to justify the estimate of Rs. 200 under "(*a*) Sale of lands" as no revenue was realized in 1891-92 nor have any probable collections been entered for 1892-93, though an estimate of Rs. 200 was proposed and sanctioned for that year. The estimate will be reduced to Rs. 100.

75. The income as now estimated amounts to Rs. 2,807. Adding to this the estimated opening balance of Rs. 6,052 in favor of the Municipality on 1st July 1893, the sum available for expenditure during 1893-94 is Rs. 8,859, of which Rs. 4,593 are proposed to be expended, leaving a balance at the end of the year of Rs. 4,266, which is more than 30 per cent of the receipts by Rs. 3,424. The Deputy Commissioner is requested to explain whether this large balance is intended for any large work to be undertaken by the Municipality. If not, proposals should be submitted for a further expenditure of at least Rs. 3,000 for useful sanitary works.

76. *II. Head Office.*—The proposed provision under this head will be enhanced by Rs. 4 for reasons given in para 8 *supra*.

77. *III. Collection.*—With reference to the remarks contained in para 9 *supra*, the estimate will be sanctioned.

78. *VII. Lighting.*—During 1892-93 only 25 lamps were lighted. It is proposed to purchase 5 additional lamps and to light them also during 1893-94. Hence the increase in the estimate, which is passed.

79. *IX. Charitable Grants.*—The moiety cost of the pay of the midwife is proposed to be raised from Rs 90 to 120, the provision for furniture being reduced from Rs. 20 to 11. This accounts for the increase in the provision. Under the Proceedings of Government, dated 7th September 1893, No. 4629-40—L. F. 55-93, the increase to the midwife's pay is not admissible as Sidlaghatta is a maidan town. The Deputy Commissioner is requested to submit an explanation in regard to the necessity for the repetition of provision for furniture.

80. *XI. Miscellaneous.*—The provision made is for the following purposes and is sanctioned:—

		1892-93.	1893-94.
(1)	Commission to Pound-keeper ...	13	25
(2)	Rewards to Dog and Snake killers ...	25	25

CHIKBALLAPUR.

81. The estimated income of this Municipality under all heads amounts to Rs. 5,332 against Rs. 5,284, the actuals of 1891-92.

		Rs.	Rs.

VIII	Rents ...	666	920
X	Miscellaneous ...	2,515	1,632
	Total.....	5,284	5,332

82. *I. Octroi.*—The actuals of 1891-92 amounted to Rs. 441 and the probable collections of 1892-93 to Rs. 492. There is therefore no reason why the estimate should be so low as Rs. 400. It will therefore be raised to Rs. 450.

83. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads will be reduced to Rs. 849 and Rs. 1,229, respectively, with reference to the remarks contained in para 31 *supra.*

84. *VIII. Rents.*—The increase under this head is due to the income expected by renting out the shops recently constructed by the Municipality. The estimate is approved.

85. *X. Miscellaneous.*—The decrease under this head is chiefly in the marginally noted two sub-heads. The former is explained to be a fluctuating item, while the decrease in the case of the latter is nominal, as in 1891-92 unexpended balance on hand with the Vice-President was credited in the accounts on the last day of the year. The estimate is approved.

		Decrease. Rs.
(*a*)	Sale of lands	341

86. The income as now estimated amounts to Rs. 5,080. Adding to this the estimated opening balance of Rs. 6,198, the sum available for expenditure during 1893-94 is Rs. 11,278, of which Rs. 8,716 are proposed to be expended, leaving a balance of Rs. 2,562 at the end of the year.

87. *II. Head Office.*—The provision under this head will be raised to Rs. 149 for reasons given in para 8 *supra.*

88. *III. Collection.*—With reference to the remarks contained in para 9 *supra*, the increased estimate will be retained.

89. *IV. Conservancy.*—The marginally noted increases, which the Board consider necessary, are included in the estimate for 1893-94. The increase to the salaries of Sweepers and the entertainment of two Scavengers as well as the proposed purchase of tools are sanctioned. But before sanctioning the Board's proposal to raise the hire of conservancy carts, Government consider the rate proposed, *viz.*, Rs. 15 per mensem, is excessive. The Deputy Commissioner is requested to see whether carts cannot be hired for Rs. 12 per mensem, the rate allowed in the Bangalore City Municipality. Pending information, the estimate will not be disturbed.

(3)	Hire of 2 conservancy carts to be raised from Rs. 10 to Rs. 15	120
(4)	Purchasing tools	10
		430

90. *VII. Lighting.*—The increase is due to the increased number of lights to be lighted during 1893-94. The estimate is passed.

91. *VIII. Public Works.*—The provision made for the marginally noted works includes Rs. 2,000 on account of compensation for lands to be taken up by the Municipality. It should be stated whether the lands to be taken up are in connection with the extension of the town. If so, it should be explained why no estimate is entered on the the side of receipts on account of the sale proceeds of the building sites to be allotted out of the new extension. Pending information, the estimate will stand.

92. *IX. Charitable Grants.*—The Board propose to grant an increase to the Municipal Vaccinator's pay from Rs, 7 to 8 the provision for furniture being raised from Rs. 15 to 18. Hence the increase in the estimate. The proposal to grant an increase of pay to the Vaccinator should form the subject of a separate communication. Pending such reference, the increase will be struck out and the estimate reduced to Rs. 384, subject to the submission of explanation as to the necessity for the provision on account of furniture similar to that called for in para 38 *supra*.

93. *XI. Miscellaneous*—The provision made is for purposes specified below and is sanctioned :—

95. *I. Octroi.*—In regard to the small estimate under this head, the attention of the Deputy Commissioner is invited to para 48 of Government Proceedings, dated 22nd February 1892, No 13411-23—L. 1352, and he is requested to state if it may not be abolished altogether.

96. *II. Tax on Houses and VII. Mohatarfa.*—The estimates are stated to have been based upon the Jamabandi and are approved, the low actuals in 1891-92 being due to short collections out of the Jamabandi estimate. 97. *X. Miscellaneous.*—The decrease is chiefly in (*n*) Other Items, under which Rs. 118 were credited in the accounts of 1891-92 as the unexpended balance on the last day of the year, there being no such receipt in 1893-94.

3. *I. Octroi.*—The decrease compared with the actuals of 1891-92 under this head, which is chiefly in "Class II. Sheep and Goats" and "Class VII. Cloths" has not been explained. The omission should be supplied. Meanwhile the estimate which is based upon the probable collections of 1892-93 will be retained.

4. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads will stand, pending explanation as to whether the taxes have not been revised in this Municipality and if so, the report called for in Government Proceedings, dated 29th October 1891, No. 8179-86—L. 647, on the result of the revision should be submitted early.

5. *X. Miscellaneous.*—The net increase of Rs. 621 under this head compared with the actuals of 1891-92 is the result of a gross increase of Rs. 999 and of a gross decrease of Rs. 378 in the items specified in the margin. The variations under these sub-heads have not been explained. The omission should be supplied. Meanwhile the estimate will stand.

6. Including the opening balance of Rs. 7,997, the sum available for expenditure during 1893-94 is Rs. 16,120, of which Rs. 13,390 are proposed to be expended, leaving a balance of Rs. 2,730 at the end of the year.

7. *II. Head Office.*—The estimate under this head, which provides for an increase of Rs. 42 over the sum of Rs. 18 sanctioned for 1892-93, on account of office contingencies, does not include the contribution payable by the Municipality towards the cost of establishments maintained in the Comptroller's and Dewan's Offices. This omission occurs in respect of the remaining Municipalities of this District also. A sum of Rs. 274, which the Hassan District has to contribute, will be apportioned among the various Municipalities in proportion to their receipts as shown in the following statement and the estimates under this head raised accordingly :—

		Rs.
1.	Hassan	101
2.	Alur	14
3.	Saklespur	36
4.	Belur	28
5.	Banawar	8

7.	Arsikere	23
8.	Channarayapatna	17
9.	Arkalgud	17
10.	Holé-Narsipur	23
	Total.....	274

The total estimate sanctioned for Hassan under this head will thus amount to Rs. 521.

8. *III. Collection.*—The decrease under this head is due to the proposed abolition of 2 of the 6 peons now existing on account of the collection of octroi. The diminished provision includes however the salary of the Mutsaddi, whose services were ordered to be done away with in Government Proceedings, dated 11th July 1893 and 19th August 1893, Nos. 360-61—L. F. 157-92 and 3332-3—L. F. 298-92, respectively, on the recommendation of the Municipal Board. The provision made (Rs. 144) on this account will be disallowed and the estimate reduced to Rs. 240.

9. *IV. Conservancy.*—The net increase under this head is the result of variations particularized in the margin.

Increase.		Per mensem.	*Decrease.*		Per mensem.
(1)	Pay of Totis on Rs. 7 each per mensem ...	168	(4)	Sweeper on Rs. 5 each ...	180

		472			
	Deduct Decrease...	426	(7)	Value of Night Soil cost ...	150
		46			426

10. *VII. Lighting.*—The provision of Rs. 220 newly proposed for the purchase of 6 lamp-posts accounts for the increase in the estimate, which is sanctioned.

11. *VIII. Public Works.*—The provision made is for the marginally noted works proposed to be executed during 1893-94 and is passed. The necessity for a market at the high cost of Rs. 3,700 and the probable receipts therefrom should be reported when the estimate for it is submitted for sanction.

		Rs.
(1)	Forming roads	50
(2)	Repairing roads	1,100
(3)	Constructing V drains	50
(4)	Well works ...	500

(7)	Repairing buildings	50
(8)	Trench filling and drainage expenses...	600
(9)	Compensation	300
		6,400

12. *IX. Charitable Grants.*—The President proposes to increase the salary of the midwife from Rs. 25 to 30 per mensem. Hence the increase in the estimate. The proposal to raise the salary of the midwife should form the subject of a separate correspondence showing the necessity for the increased rate of pay, while midwives employed in the Taluks are allowed only Rs. 15. Meanwhile the sanctioned estimate for 1892-93 will be repeated in the present Budget.

13. *XI. Miscellaneous.*—The details of the provison under this head are as given below :—

		1892-93.	1893-94.

6.	Cost of mango plantation	...	1,000
7.	Adjustment of charges incurred on account of the visit of His Highness the Maharaja of Mysore	750	...
	Total	910	1,394

14. *Item* 1.—The provision made does not apparently include the remuneration payable to the pound-keeper or the cost of feeding impounded cattle. This appears to be the case in the remaining Municipalities also The Deputy Commissioner is therefore requested to state the amounts that have to be entered under this head as well as on the receipt side as directed in Government Proceedings dated 17th March 1892, No. 14603-11—L. 1509.

15. *Item* 3.—The necessity for this new provison should be fully explained.

16. *Item* 4.—The details of the lumpsum provision proposed should be furnished.

17. *Item* 5.—The Deputy Commissioner is requested to state the extent of the garden, the kind and number of trees therein contained, whether the garden is frequented by the public and why no revenue is entered under "VIII Rents" on the side of receipt from the sale proceeds of the garden produce.

18. *Item* 6.—The large provision of Rs 1,000 stated to be for mango plantation without the necessary details being furnished cannot be approved. The necessity for the plantation and its utility should be reported. The estimate will be omitted pending explanation.

19. The other items call for no remarks.

(2) ALUR.

20. The receipts of this Municipality for 1893-94 are estimated at Rs. 1,108 against Rs. 1,323, the actuals of 1891-92.

Details of Receipts.	Actuals of 1891-92.	Estimate for 1893-94.

X. Miscellaneous	230	126
Total.....	1,323	1,108

21. *I. Octroi.*—The decrease in the estimate which is chiefly in "Class VII. Cloths" has not been explained. The omission should be supplied. Meanwhile the estimate will stand.

22. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads are allowed to stand subject to the explanation called for in Para 4 *supra*.

23. *X. Miscellaneous.*—The decrease in the estimate under this head is chiefly in "(*h*) Other Items," under which a sum of Rs. 135 being the unexpended balance on hand with the Vice-President, was credited on the last day of the year, no such receipt being expected during 1893-94. The estimate is approved.

24. Including the opening balance of Rs. 3,411, the sum available for expenditure during 1893-94 is Rs. 4,519, of which Rs. 1,722 are proposed to be expended, leaving a balance of Rs. 2,797 at the end of the year.

25. *II. Head Office.*—For reasons given in Para 7 *supra*, the estimate under this head will be raised by Rs. 14.

26. *VII. Lighting.*—The new provision made under this head which is on account of the purchase of 4 lamp-posts at a cost of Rs. 100 and lighting them at a cost of Rs. 50 is sanctioned.

27. *VIII. Public Works.*—The provision made is for the marginally noted works proposed to be executed during 1893-94 and is passed.

	Rs.
1. Repairing roads ...	200
2. Sinking a well ...	300
3. Repairing a well ...	50
4. Contribution towards the Dispensary building ...	343
Total.....	893

28. *IX. Charitable Grants.*—The increase under this head is due to the provision newly made on account of the furniture of the Dispensary. Government observe that furniture according to the fixed standard has been supplied

but recently. The necessity for an additional sum required during 1893-94 should be explained. Moreover the provision under this head includes Rs. 20 on account of the travelling allowance of the Hospital Assistant. As this item is properly debitable to the Medical Budget, the amount will be struck out. Pending explanation above called for, the estimate will stand at Rs. 159.

29. *XI. Miscellaneous.*—The provision of Rs. 118 made in the present Budget does not include the feeding charges of the impounded cattle. The estimate will not however be disturbed, pending the information similar to that called for in Para 14 *supra*. As the balance of Rs. 2,797 in favor of the Municipality is unduly high, the Deputy Commissioner is requested to propose a further expenditure of Rs. 1,500 on useful conservancy and well works.

(3) SAKLESPUR.

30. The President estimates the income of this Municipality at Rs. 2,875 against Rs. 2,918, the actuals of the year 1891-92.

		Rs.	Rs.
I.	Octroi ...	1,160	905
II.	Tax on Houses ...	107	170

	Total.....	2,918	2,875

31. *I. Octroi.*—The decrease in the estimate, which is chiefly in "VII. Cloths" has not been explained. The omission should be supplied. Meanwhile the estimate will stand.

32. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads are retained subject to the submission of information called for in Para 4 *supra*.

33. Including the opening balance of Rs. 4,809, the sum available for expenditure during 1893-94 is Rs. 7,684, of which Rs. 5,628 are proposed to be expended, leaving a balance of Rs. 2,056 at the end of the year.

		Rs.	Rs.	Rs.
II.	Head Office	11	31	67
III	Collection	52	36	36
IV.	Conservancy ...	252	288	360
VII.	Lighting	22	114	340
VIII.	Public Works ...	616	580	3,500
IX.	Charitable Grants ...	171	180	197
X	Education	400	333	468
XI.	Miscellaneous ...	88	60	860
	Total.....	1,612	1,622	5,628

34. *II. Head Office.*—The provision under this head includes the allowance of Rs. 36 proposed to be paid to the Taluk Gumasta for doing Municipal work, but does not include the contribution payable towards the cost of the Head-quarter establishments. As directed in Para 5 of Government Proceedings, dated 21st March 1892, No. 14856-67—L. 1571, a separate reference should be submitted in regard to the allowance. Pending such reference the provision made will be struck out and in lieu thereof a sum of Rs. 36 will be entered on account of contribution payable by this Municipality under Para 7 *supra*.

35. *IV. Conservancy.*—The Board propose the employment of an additional sweeper on Rs. 6 per mensem. The proposal and the estimate are sanctioned.

36. *VII. Lighting.*—The increased provision under this head is stated to include the value of new lamp-posts. The details showing the number of existing lamps, and the number of new lamps to be purchased and their cost should be furnished. Meanwhile the estimate will stand.

37. *VIII. Public Works.*—The provision under this head consists of the following items:—

		Rs.
(1)	Forming new roads	50
(2)	Repairing roads	350
(3)	Constructing V drains	300
(4)	Do in-door ward	300
	Contribution towards the cost of School House	1,000
(5)	Filling in a trench	200
(6)	Compensation for lands	1,000
		3,300

The large sum of Rs. 1,000 under "Compensation" is alleged to be for town improvement. Considering the largeness of this sum, the provision of Rs. 200 on the receipt side under "Sale of lands" appears to be too small. Should there be any real demand for house-sites, Government expect that the sale of house-sites would fetch as large a sum as the amount invested in the acquisition of the sites by Government. The Deputy Commissioner is requested to explain this matter. He should also explain in more detail the circumstances under which the Municipal English School was removed from its old habitation rendering the necessary contribution of Rs. 10,000 towards the proposed new school. Subject to the explanations above called for, the provision under the above head is allowed to stand.

38. *IX. Charitable Grants.*—The provision newly made on account of ⅓rd cost of furniture for the Local Fund Dispensary accounts for the increase in the estimate, which includes Rs. 20 on account of the travelling allowance of the Hospital Assistant in charge of the Dispensary. As this item is properly chargeable to the Medical Budget, the amount will be struck out and the estimate reduced to Rs. 177.

39. *X. Education.*—The proposed employment of an Assistant Master on a salary of Rs. 15 per mensem accounts for the increase in the estimate. The proposal for the entertainment of an additional teacher should form the subject of a separate reference. Pending such reference and sanction of Government thereto, the new provision of Rs. 135 will be struck out.

40. *XI. Miscellaneous.*—The provision made is for the following purposes. Rs. 700 for a cattle-pound seems to be too high. The necessity for such large estimate should be explained. Meanwhile and pending the submission of information called for in Para 14 *supra*, the estimate will stand.

		Rs.
(1)	Commission to Pound-keepers	150
(2)	Constructing cattle-pound	700
(3)	Rewards to dog and snake killers	10
		860

(4.) Belur.

41. The receipts of this Municipality for 1893-94 are estimated at Rs. 2,255 against Rs. 25,090, the actuals of 1891-92.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 20th October 1893.

XI.	Miscellaneous ...	43	60	90
	Total.....	2,601	1,806	3,370

45. *II. Head Office.*—The provision made under this head includes the monthly allowance of Rs. 36 proposed to be paid to the Taluk Gumasta for doing Municipal work, but does not include the contribution of Rs. 28 payable by this Municipality towards the cost of Head-quarter establishments. Pending the submission of a separate reference in regard to the increase of establishments as directed in Government Proceedings, dated 21st March 1892, No. 14856-67—L. 1571, the former item of Rs. 36 will be struck out and for the latter a sum of Rs. 28 will be entered in the Budget in accordance with Para 7.

3.	Repairing do	50
4.	Water-supply	500
5.	Latrine	250
6.	Compensation	50
		1,650

49. *IX. Charitable Grants.*—The increased provision under this head includes Rs. 14 entered on account of furniture required for the Dispensary and Rs. 20 on account of the travelling allowance of the Hospital Assistant. The former item is sanctioned, but the latter item which is debitable to the Medical Budget will be struck out, the estimate being reduced to Rs. 150.

50. *XI. Miscellaneous.*—The provision made is for the following items and is allowed to stand pending the information called for in Para 14 *supra.*

		Rs.

55. *VIII. Public Works.*—The provision of Rs. 50 made for repairs of the existing roads in the town is approved.

56. *XI. Miscellaneous.*—A sum of Rs. 15 newly entered on account of commission to pound-keeper accounts for the increase in the estimate, which will be retained, subject to the submission of information similar to that called for in Para 14 *supra.*

66. *X. Miscellaneous.*—The decrease in the estimate under this head is the result of a gross decrease of Rs. 441 in the marginally noted items and of a gross increase of Rs. 13 in "(*d*) Pounds." (*g*) Sale of manure "and" (*i*) "Sale of grass." The omission of estimate under (*f*) "School fees" is probably due to the school having been closed If so, the Deputy Commissioner is requested to state why the school was closed. 		Total.....	990	1,358

73. I. *Octroi.*—The increase under this head is chiefly in "VIII. Cloths." There is nothing to justify the anticipated increase, the actuals of 1891-92 and the probable collections of 1892-93 being given as Rs. 162 and Rs. 188 respectively. The estimate under this sub-head will be reduced from Rs. 300 to Rs. 215.

74. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads will be retained subject to the remarks contained in paras 4 and 65 *supra*.

75. X. *Miscellaneous.*—The increase under this head is chiefly in items noted in the margin. Items 1 and 2, which are of a fluctuating nature, do not call for remarks, but the new estimate in item (3) is probably the amount expected to be recovered from the Public Works Department for the maintenance of Provincial roads in the town. Government observe that the estimate proposed does not include the fee income from the English school proposed to be newly started, for which a provision of Rs. 180 is entered on the side of expenditure. As according to the Education Secretary's Memo, dated 16th June 1893, a monthly income of Rs. 12 is expected from fees, a sum of Rs. 144 will be now entered under "(*f*)School fees." The income as now estimated amounts to Rs. 1,402.

For reasons given in paras 34 and 7, the sum of Rs. 24 will be disallowed and in lieu thereof Rs. 17 will be inserted in the Budget.

Head Office.*—The provision made under this head includes Rs. 36 on account of the allowance proposed to be granted to the Taluk Gumasta, but does not include the contribution payable by this Municipality towards the cost of establishments maintained in the Dewan's and Comptroller's Offices. For reasons given in paras 34 and 70, the sum of Rs. 36 will be disallowed and in lieu thereof Rs. 17 will be entered under this head on account of the quota of charges towards the cost of Head-quarters Establishments.

86. *VII. Lighting.*—The small increase provided on account of oil and contingencies will be allowed to stand, subject to the submission of details in regard to the existing number of lamps and the cost of lighting each lamp.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 20th October 1893.

93. *X. Miscellaneous*—The decrease under this head is chiefly in "(*a*) Sale of lands" and "(*f*) School fees." The decrease in the former is probably due to there being a less number of house sites available for sale, but that under the latter requires explanation. A separate reference should be submitted in regard to the increases proposed as directed in para 5 of Government Proceedings, dated 21st March 1892, No. 14856-67—L. 1571. Pending such reference, the new items will be struck out.

100. *XI. Miscellaneous.*—The estimate under this head will stand subject to the submission of information called for in para 14 *supra*. Senior Hospital Assistant Rangasami Pille, who combines a wide experience of both Native and English methods of treatment, was appointed to supervise the institution. To the *Carnatic Dispensary*, which was then started, a *Unani Dispensary* was added in November 1892. The Hospital Assistant reports favourably on the operations of both the Dispensaries and his opinion, Government are glad to observe, is borne out by the statistics furnished. Whether judged by the percentage of cures effected, or by the attendance, which is more than twice as large as in the neighbouring Municipal Dispensary at Irangeri or by the cost of treatment, which is less than half the cost incurred per head in the latter Dispensary, the institution has more than fulfilled the expectations of Government both in regard to popularity and cheapness of treatment. Under these circumstances, Government are pleased to sanction the increases proposed by the Board as noted in the margin* with effect from 1st July 1893, excepting in the case of the Hospital Assistant who may be allowed charge allowance at the rate he was drawing at Tiptur before he joined the Indigenous Hospital, from the date of his joining up to 30th June 1893 and at Rs. 15 from 1st July 1893.

Letter No. 1111, dated 5th October 1893, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

I have the honor to recommend that Deputy Commissioners of Districts may be directed to notify as fully as possible to the inhabitants of the different taluks, at the head-quarters of which midwives are resident, that the services of qualified midwives are available and with a recommendation that their services may be sought in all cases of doubt or difficulty.

2. I think some action of this kind is called for as some Hospital Assistants have reported when forwarding the monthly returns of the work done by midwives that they were of opinion the people of the taluks generally were unaware of the presence of these qualified midwives at the Kasaba towns and of their services being available in case they required them.

3. In notifying as above suggested, it would be well that the people should be informed that the services of the midwives shall be rendered gratis.

To—The Deputy Commissioners of Mysore, Chitaldroog and Kadur Districts.

READ AGAIN THE FOLLOWING PAPERS :—

(1) Proceedings of Government No. 202, dated 21st July 1891, declining to sanction a proposal submitted by Mr. Ricketts, Director of Statistics and Agriculture, to purchase inoculated calves from Surgeon Major King, and to resell them after some time with a view to improve the breed of cattle in Mysore.

(2) Proceedings No. 247-8, dated 28th July 1891, sanctioning the purchase of 200 calves from Dr. King at a price not exceeding Rs. 5 each, Mr. Ricketts having represented that he anticipated Government sanction as the calves were being sold at a very low rate to butchers and others who bought them for their meat.

(3) Letter No. 32, dated the 16th April 1892, from the Director of Statistics and Agriculture, submitting proposals for the purchase, for experimental purposes, of vaccinated calves from the Mysore Government Vaccine Institute, and adding that they would not only realise better prices than if sold to butchers and skin merchants, but that it would be an interesting experiment to see whether they would be less liable to cattle disease.

(4) Proceedings of Government No. 4571-2—400, dated the 8th June 1892, observing that sanction was accorded in July 1891 after considerable doubt to the purchase of 200 vaccinated calves, and that the result of the experiment would be awaited; and meanwhile directing the sale, by public auction, of the calves belonging to the Mysore Government Vaccine Institute.

Letter No. 3057—211, dated 25th January 1893, from Mr. L. Ricketts.

CAMP NO. 58-60, DATED, MYSORE, 12TH OCTOBER 1893.

ORDER THEREON.—From the last of the letters read above, it would appear that, owing to scarcity of green fodder and water, of the 200 calves purchased in July 1891, one hundred and sixty-six had died within the eleven succeeding months, and one of snake bite in November 1892; that the remainder, *viz.* 37, were sold by public auction realising only Rs. 70, the hides of the dead calves fetching Rs. 29—4—1, thus making a total of Rs. 99—4—1 as receipts exclusive of the value of the materials of a shed erected for the calves.

2. The expenditure incurred in their keep was as under:—

	Rs.	As.	P.
Price of 200 calves at Rs. 5 each	1,000	0	0
For feed	285	3	0
Watch and Ward	167	6	9
Shed	112	0	8
	1,564	10	5

The net cost to Government on this account has therefore been Rs. 1,465-6-4. The experiment has proved a failure and will not be repeated.

3. The materials of the shed, alluded to above, should have been sold as soon as the calves were disposed of. This will be done now.

Letter No. 1401—353 of the 14th October 1893 from the Deputy Commissioner of the Kolar District, and the Vernacular correspondence submitted therewith.

No. 8022-9—G. 1893, DATED, BANGALORE, 31ST OCTOBER 1893.

ORDER THEREON.—The correspondence shows that the Amildar of the Mulbagal Taluk accepted 2 cloths valued at 16 rupees presented to him by one Ramaswami Chetti, a landholder and a merchant of Kappalmadagu village in the Mulbagal Taluk, at the wedding of his daughter, which the Amildar attended by invitation. The Amildar reported the matter to the Deputy Commissioner who directed the cloths to be returned, but Ramaswami Chetti having refused to take back the cloths, pleading that they had been presented at the instance of his father-in-law who had come for the wedding and had since returned to Her Majesty's Territory where he resides, the Deputy Commissioner requests the orders of Government on the subject.

2. Government consider that the Amildar was wrong in accepting the present which is also unusual. If Ramaswami Chetti still declines to take the cloths back, the Deputy Commissioner should sell them by public auction and pay the proceeds for the benefit of some local charity.

The Managing Committee's Report of the Maharani's Girls' School for the year 1892-93.

C. No. 73—89, DATED 2ND OCTOBER 1893.

ORDER THEREON—The Government of His Highness the Maharaja has perused with interest the Report of the Maharani's Girls' School for the year 1892-93, which is the second annual Report submitted by the Committee of Management since the school was made a Government Institution. The number of pupils in the School on the 30th June 1893 was 369, of whom 317 were Brahmins. The average number on the roll in the High School Department was 12, and in the Middle School Department 63. Five girls out of seven who were sent up passed the Lower Secondary Examination, one being placed in the First Class. A former student of the school also passed the Examination as a private candidate. The Maharani's School is the only Government Girls' School in the Province that successfully prepares candidates for the Lower Secondary Examination. The organisation and discipline of the school have been greatly improved during the year, and the staff has been strengthened by the appointment of Miss Kumudini Khastigiri, B. A., of Bethune College, Calcutta, as Assistant Lady Superintendent. In the Zenana Department the number on the roll on the 30th June 1893 was 44. Three of the Zenana pupils appeared at the Lower Secondary Examination but failed to pass. Government is pleased with the success achieved during the year and desires to express its thanks to the President and Members of the Managing Committee for the zeal with which they have worked for the improvement of the school.

Secretary.
